Received/channeled are most of the messages "mentally/telepathically" through Eve Kumara from higher universal beings. Other messages can also be found at www.en.christ-michael.net.

With the release of this eBook, the greatest honor and gratitude is due to Eve Kumara and her team and all helping hands here and beyond our plane of existence who are preparing and implementing the transition. Without their work and help, none of this would be possible.

It is also recommended to read the eBooks "Beyond the Universe - Nebadon and the Revelations of the 'Lucifer Rebellion'" and "ESU JESUS SANANDA SPEAKS - TRANSITION INSTRUCTION", as well as the Phoenix Journals. These eBooks can be found at www.beyondthetmatrix.io along with other interesting topics and matching groups, forums and blogs.

What is the channeling of a higher universal being?

Channeling actually means nothing else than being a channel for something. A person who is ready to receive energy from "higher", "other" planes of existence and let it pass through himself or herself is a channel for these energies. Light beings, sometimes also called angels, who exist in higher planes, make contact with people and other living beings on earth through channelings and can helpfully stand beside and support the human beings.

Christ Michael of Nebadon (CM)

Christ Michael is a Paradise Creator Son, created by the Eternal Father and the Eternal Son. His identity as a Creator Son predestined him to be the creator of his own universe, our local universe of Nebadon, which lies in the periphery of the great universe. All Creator Sons are called Michael, in addition each has his individual name identification, which in this case is Christ/Christ Michael. Christ Michael is only since approx. 2000 years completely sovereign over his universe. With the 7th bestowal as Jesus of Nazareth (together in the same body with Esu Immanuel Kumara as navigator) on a planet of the Lucifer rebellion he attained the rank of the sovereign of Nebadon from the Eternal Father. Christ Michael is considered among the Creator Sons to be a very risk-taking and unconventional Creator Son who has a tendency to break new ground. His full name, by the way, is much longer and would probably take up half a page on paper. This name is not revealed in the Urantia Book. He simply calls himself Christ Michael, respectively CM, Aton, Hatonn, or also George, and sometimes in his rich humor "Big Cheese".

Esu Immanuel Kumara - Sananda

Esu is the son of Sanat Kumara and holds the rank of a Mighty Messenger. He is a star warrior of the first order, tested and experienced, and he served Christ Michael in the incarnation as Jesus, where he provided his knowledge about material worlds in a double incarnation with CM in the body of Jesus. He bears the title "Sananda", by which he is known as an "ascended master". Sananda means "One with God". In the coming approx. 1000 years of the New Golden Age he holds the office of the planetary prince on the material plane. He is definitely embodied and will again be visible on Earth. His female complement is the Ascended Master Lady Nada, who was then embodied as Mary Magdalene.

BLUE SKIES

„WHEN YOUR SKIES ARE BLUE AGAIN, THE BATTLE IS WON!“

CM through Eve, 25th March 2020

CM was asking me for a dictation while I was at work, as he wanted to address the population. So, later I went to be at his service.

CM, in for a message?

Good night Eve, this is CM. Thanks for checking in.

Had you ever thought that this moment of unfolding visibility of circumstances we have long been discussing was finally here?

You might soon agree that this workout of a perfect plan was worth the time it took to manufacture this „custom-made“ solution, tailored with utmost care to the outcome of a new suit, fitting the good people and suitable to the planet.

You will realize that our messages of hope – given years earlier – have not vanished as empty words, but become manifest in extraordinary ways. I know that many of you had sleepless nights of sorrow and fear, were agonized with the plans of the dark hats they had come to uncover. But yet, none of you has been walking alone, as I have been sitting – realized or not – a while with you, giving you comfort.

Your information network via Q has developed in a really excellent way, so it was quite unnecessary to give you updates as we used to. More and more people started to quit the restless thinking around inside that old and outworn box, going on a higher level and finding the exit there, opening up a sensational view into the quantum field of the universe with it's endless numbers of possibilities.

Before you might have considered it impossible to get the big job done to counter the dark figures on the chessboard of the world; but remember that within Gods love (which is sometimes „tough love“) nothing is ever impossible. We rejoice with you when you lift up your faces to the skies that are of a deep blue for the first time since long and remember that we once said:

„WHEN YOUR SKIES ARE BLUE AGAIN, THE BATTLE IS WON!“

(= patriots are now in control!)

Some of you say that this could never have been done without God, and this is true. But I tell you also, it could not have been done without you, the brave people of God's crew who trusted in the creator and took heart to go even beyond their limits to bring in a new world. Each and everyone of you has been an important piece of the puzzle and now everything becomes fitted together, forming the new image of an incoming future, showing the blessings of divine hands.

This is not to be a message of further prediction, as you don't need this any more, spoon-feeding has ended long ago. This is to be a message of honor to those who deserve it, to those who have been out there on the battlefields of the world and the internet, having been called „names“ and the „idiots“ or criminal conspiracy theorists. Well, now, the labels are just about to be changed.

Be all aware that the steering wheel of this globe is in my loving hands and times of incredible riches – ethic as well as material – are directly ahead of you to enter. Your work will be furthermore urgently needed, as it's your turn to explain things to those experiencing a sudden and complete take down of the old paradigm.

Joy and peace and love will be the greatest reward to be received, and as well the higher techniques of finally being free to use for all.

You presently do not yet dare to imagine the possibilities granted to make this planet a paradise and humanity the real higher form of universal men and keepers of a precious gift by your creator. Since you have been Q-ed, more of you became the brilliant minds matching their true being. The tools are all at hand to cure what needs to be cured and to close the circle of life by the pieces that were intentionally withheld by a small and evil group of suppressors.

You are now heading for a busy time of cleaning your house and business to match with divine law. By this you earn your dwelling rights as the housekeepers of God. We will meet in the near future – and remember – the creator of this universe is in neither way limited and nothing will hinder me to set my foot again upon this jewel you name Mother Earth.

Glory is ahead, straight ahead, and keep this in mind while you travel through the current challenging final days of the old paradigm being taken down. What was intentionally split by the dark hats will be united again: Where we go one, we go all.

Time to say good-bye to the old and time to welcome the new. I am standing in your back, my brave ones, and I ask you to visualize the victory and the riches to come as often as you can. Your thoughts have created this new timeline together with what I was having in mind for you, but it's not about creating and letting go again, but creating and keeping it lovingly in best condition and divine order.

Many surprises are waiting for you – well – in a perfectly orchestrated storm which will make your Easter holiday a real holy time.

There is no way without God, but many ways at his side. Behold this, for this is to be your carrot, that shall keep you going. (This one was for Eve, as she loves that comedy named „amazing Jesus“ and you should never go without divine humor.

You the people have not lost it, my congratulations therefore, and let me tell you that also the higher forces are enjoying plenty of how you jokingly deal with your circumstances, be it jokes about toilet paper or parting dark hats.

Your Friday of the Easter week will make you remember the Corona of Thorns, the dark suppressors dared to put upon the head of the Master Immanuel as a strong symbol for the dark, and it will be taken from you in a sustainable way, in the process of a real ascension/uplifting to come.

You might go forth and read some of our older messages and you will find them matching the storm, SO HERE WE ARE.

BLUE SKIES AND SPARKLING DIAMONDS IN YOUR NIGHT SKIES PROVE THE PRESENCE OF THE GOOD AND DIVINE VICTORY UNDER MY COMMAND.

SALU from CM Aton aka Gyeorgos Ceres Hatonn,
Starship Phoenix and my crew,

WITH DIVINE LOVE,

CU soon and CQ!

HEAVE AWAY, ANTI-CHRIST, FROM THIS PLANET!

Just more “good old Trump luck”?

CM through Eve

12th November 2016 and 9th December 2016

CM, here I am, at your service, following your call.

Welcome, Eve, so we can start rightaway.

This update is called “Message to the world”, and it will contain a message to the German nation.

Just a few days ago, on 8th November 2016, a monumental event has taken place, which has – so far – pretty much split the world. You, the Americans, elected a new president. This election was a bit different than the ones before, right? I said “monumental event”, indeed, as this is exactly what it was.

What I mean by “monumental” is the fact, that a sufficient quantity of people came out of their rocking chairs to vote for a person who openly turned against something much worse than the corrupt establishment – this was an election against the ANTI-CHRIST in person, my opposition, so to say.

You folks, you have no idea about how hard the dark ones tried to steal the election, or how hard the activists of the light worked to overcome these efforts. But we told Eve the week previous to the election that Trump was likely to make it, and she doubted our word and denied to write about our statement in her newsletter.

The victory was glorious, but overshadowed by the assassinations of some very brave whistleblowers / members of the truth movement, literally last minute. Well, finally nobody has truly expected that the collective of the Anti-Christ would NOT fight like hell amidst their death throes.

(I had to interrupt here, as it was late and I was getting too tired to go on properly. My next occasion was on 9th December only....)

CM, I’m sorry that I had to breakI just could not handle it any more, was too tired. Would you like to go on?

Certainly, Eve. Don’t worry, you just do it the way you can, I’m aware of the circumstances under which you work.

We are now a few weeks after the election and there still is a big “howling and gnashing of teeth”, combined with further desperate activities to prevent Trump. These will, besides, not work, in the same way as the stealing of the election did not work. How silly to arrange these recountings of votes it seems, it got worse for the Anti-Christ people. (There were tons of preproduced votes for HC, which were exposed and then vaporized by our staff even before the election, and I tell you, there were many other nasty plans. Besides, just to mention it – INSIDE JOBS – and in no way done by Russia)

Now, for those who still were not yet able to make a reset to their manipulated brains and therefore still mourn for Hellarys presidency:

You are literally mourning for the rulership of the Anti-Christ in person. Hillary Clinton and entourage are responsible for a holocaust of sorts, and surprise, it's both "HC". How suiting. No matter how often these subjects might claim "PIZZAGATE" & Co was "fake news", they are not going to successfully hold up the process of revelation of their crimes against humanity. How dirty and ugly this tip of the iceberg might seem to you – it still will get worse.

So, is it THAT what you wanted?

The bad news is that the Anti-Christ entourage has not yet given up, they are now trying to build and hold their last fortress in Europe – or should I say – Merkel-Europe, producer of "real fake news", causing as much damage, telling as many lies as possible.

But the European AC-fortress is crumbling, too, and we are not likely to support any big terror event which was designed to distract from the revelations. Neither in Europe, nor in USA. And yes, there was a bullshit-plan involving a FAKE MH-370 "Not to support" means "to allow" – the soil of this planet has been drenched with the blood of the innocent for far too long already, there is no reason to allow more, as now the time has come for a public "HEAVE AWAY, ANTI-CHRIST, from this planet".

There has been a monumental introduction of change to this world, as finally the population is standing up against their overlords and perverted rulers. (Slowly but steadily we go...!)

Beyond the great attacking, throwing dirt and lies against Trump by the slaves of Mr. Soros, the "Antifa" etc., you must realize that as long as Donald Trump is aligned with the divine masterplan, he is under protection of the celestial forces, he and his family, as we also have supported building him up to the position which might enable him to become the label for real change.

EUROPE

Ok, Europe needs to get rid of the criminal EU-apparatus. The countries must seek to get rid of their criminal governments. You have had your model-role in the US as your master plan. It is just not enough to simply hope that Donald would come over to fix the mess on your behalf.

And, to encourage you: There is still my "ace in the sleeve". There is so much beyond your perception, dear folks. There are so many hints in your literature. Many small teams have completed their bits and pieces to a "ready-to-go-part" and now is the time to connect all of these ready-to-go-parts for a giant tool of change, comprising the whole planet. The wonders of this sphere are far more than you would dream. In result of the single completions the morphic field has received a phenomenal push into the right direction. I know that a lot of you guys know the story "The Lord of the rings". It tells that the final battle is won by the "King to be", activating the legendary "Army of the dead", hidden inside a mountain, equipped with supernatural weapons/tools.

Message to the German Nation

You the German nation have to be aware about your special role and heritage. This has nothing to do with any kind of national egoism or a national idea of superiority, it's just history, nothing more and

nothing less, although the dark overlords have been branding you with not so nice expressions, for being patriots etc.

Your genetic history goes back to Adam and Eve, not referring to the Bible but to the revelation of the book of URANTIA. For more than one century the dark forces in power have tried to “prevent and eliminate Germany”, just research on tags like “Morgenthau-plan, Hotoon-plan, Kalergi-plan” and there is a common denominator with the efforts to prevent Trump, – Eve has already mentioned it in her newsletter – Trump has German roots, as his grandfather was German. We did not support him for the reason just to raise any figure of light, the reason was that he carried the potential of his heritage and will therefore be capable to fulfill the meaning of his first name, if he succeeds to remain on track. Of course he is thinking and feeling as an American citizen, but he cannot deny his roots in spite of this.

There must be an official correction of the public falsehoods taught about the history of Germany and there must be a confrontation of the responsible liars with true history. And sovereignty must be given back to the Germans, period.

As we are talking about fearing the Germans in certain circles, Eve and her team have experienced exactly the opposition resulting from that fear.

In order to implement the changes inevitable for the German nation there is support imminent to reveal out of the shadows. Well. Some of you have heard about an activation of a mountain in the core of Europe, more exactly, at the border between Austria and Germany. Some of you have heard about a time anomaly connected to it, about a hidden force inside, about superior tools the force has at hand, ready to go, to act from hidden bases, ready to protect what I call a sanctuary. Eve, I would appreciate if you added some further details at the end of the message.

Then, there is cryptic statements in the net around a secret base in Antarctica, and some of you have already heard about “nations from Inner Earth”. Everything will reveal at the right time.

Truly, this is a message of hope to the German nation, and in addition, it’s a message of hope to the world, as all of this is not about suppressing the world, but freeing it from the citizenship of the “beast”.

The peaking has started, it’s not yet over and done, but all is set up and working. There will be no mercy or any deals for those involved into things like Pizzagate. The cleansing will be thorough and contain exactly zero compromise. Your chance to change was held open long enough – now that’s it.

This winter solstice will be very special. We suggest that you keep your eyes open to observe what’s going on.

There have been blue shining clouds over Antarctica [admin: see satellite-picture at the top]. Where could they result from? Sightings of ships increase – now, where do they come from? The leader of New Zealand, Mr. Key, has resigned. Why did he do that? Were there any rumors on the “arrival of a fleet”?

Signs of hope add up, lies expose. Do your homework, folks! A new era is about to break through:

WE ARE HERE!

AT THE END OF ALL THINGS

heading for a new beginning

this is just

.... not another Christmas message

Many of you are witnessing things going to an end, be it jobs, relationships or different occupations. All of this is the natural emptying of the “bucket”, so that it can be refilled again upon the next higher level, after you So many of you have planted their apple trees and how lovely will be the blossoms of the new era opening up.

So many hidden wonders of this planet will be popping up for you to see, what a prospect!

Even while the nasty things are not yet all out and gone, there remains plenty of hope and good to enjoy the christed time of the winter solstice and celebration of the “birth of Immanuel” back then in 7 b.Chr. – while dwelling in God and with God dwelling in you

blessings to you and my world beloved, may you be strong enough for the revelations and feel rewarded by the wonders to come.

sovereign of this local universe

THE GREATEST GIFT

CM through Eve, 5th December 2020

CM: Ah, there she is.

Eve: Hi CM, Yes, here I am for an interview.

CM: Who will interview whom?

Eve: You are the boss and potential news agent, so I suppose, I will just try to get some update comments. I just remembered this radio interview from PJ 42, and I hope to make up a bit with not controlling my big chief's speech.

CM: Sounds promising. So, what can be said and commented on the actual situation? If you have followed the Q-drops, you should be pretty much up to date.

Eve: Perhaps you can highlight things of importance here in, like by a verbal text-marker or bold things, or give a bit of background information.

CM: As you please. So, the central event unfolding the final scene is inevitably the US election. Another strong line of action is the pandemic setting up. Now you see several strings merging into one big string, which will transform into the string rope to execute the deep state. You could also see it all as a global intelligence test. If you are about to keep buying into mainstream staff, as „good democrats“ and „good vaccines“ and „good sheeple“ you are queued in line to eradicate yourselves from the face of the earth.

Eve: I see. So, can you say a few words about the election fraud?

CM: It was a multiple level election fraud, based on several pillars

- you (The Americans) had stolen mail ballots en masse
- you had falsified ballots brought in (copied in China, with the watermark just printed upon)
- you had Republicans getting hindered to vote, by lies that they had already voted by mail
- you had observers being hindered to do their job
- you had betrayal in counting the votes
- you had rotten and manipulated software turning votes around
- you had weighting of Trump votes down to 70 % and Biden votes up to 130 %
- you had hashtag Dominion and ScytI, servers with amazing interference abroad
- you had 5 dead US soldiers in Frankfurt, Germany, when they were sent to take the servers
- you had corrupt mayors and governors
- you had bought votes for the Democrats.
- you had no control concerning the righteousness of voters
- you had mentally handicapped people set up to vote for Biden
- and besides, my favorite joke: Thousands of dead, pretty much dead, (including phantoms born on 1st 1900) voting for a literally brain dead person, and every time I realize this I get my „laughing zoomies“, I would comment, it can earnestly be called a „dead man's vote in a deadly election.

Also amazing stuff, how the media is desperately trying to keep the veil over all this fraud and announced Biden as president elect, without any official statement as a basis.

Of course, the divine presence and Donald Trump had successfully set up the trap before, well knowing the moves of the dark operators. So, I hope you stocked up your popcorn. All over the world there is no escape left. They chose not to listen to me, so they will now have to experience. It does not make sense for anybody to leave his home country. It's the complete globe stuck in the end game and you can just see for not getting under the wheels of the garbage truck collecting all the body- and child snatchers, who are on board of the „electoral Q-snatch“ mission.

Eve: Q-snatch was the title of the voter fraud software operation, right?

CM: Yup, these guys like titles. They had titled the reset plans of the NWO „operation dark winter“. Actually, it will be a VERY DARK WINTER. For themselves. As I told you, God, too, has a reset plan. And it's GOD, who is about to win. Or better – who HAS ALREADY WON.

Eve: Now, CM, will you get into detail of who is Q?

CM: Ah, I made a complete piece on that. Wasn't this enough?

Eve: Recently we are hearing more and more definition about JFK Jr being Q and even about Lady Di or JFK senior still being alive, and about JFK Jr and Trump playing Q.

CM: Ok, as we are so close to the end I will comment on this, caps lock, for storage in your minds. Q is the divine presence behind the biggest white hats operation the globe has ever seen. All the special people you named were chosen ones for a special mission. They were loved and adored by masses of the population, beyond all borders they were icons of the heart, they were held high by citizens, as model roles of good. They were charismatic expressions of the divine and so to be remembered in the hearts of the people. Beyond of all they represented, beyond all of their smartness and intelligence they could never have been able to orchestrate the plan on their own. So Q, the Q-Maras and the galactic fleet/cosmic intel have been representing Q, ahead and undercover, with Esu Immanuel in front and me, but as long as „Jesus Christ“ is still being ridiculed by most „rational people“, there will have to be road preparers like we had in „John the Baptist“ in former times, which is a job Donald Trump now does and what reappearing icons will do, like JFK Jr or Lady Di. Remember, Donald Trump is – among all leaders of the world – the only one who addresses CHRIST really often.

Eve: CM, you have covered the assassination of JFK in the PJ's, several times even. Can you comment for our readers how it would be possible to make an assassinated and obviously dead person reappear in flesh?

CM: Actually, we have covered this long ago already, but for our new readers: It's no big deal – with our technology – to reproduce a body out of the original DNA. So, having the DNA of JFK, we were enabled to grow a new body and transfer his soul into it. This must be enough for now, so that you can ponder about it. Just remember that our technology cannot be compared with yours in any way.

Eve: How about Jupiter and the „Event“?

CM: Jupiter, our second sun, has grown and developed over the recent years. From time to time we let him reach out a bit from his retreat behind your main sun – on a „longer leash“, and as we now enter into the New Era it's likely that we will let him openly appear as what he now is – the second sun. The timeframe is though optional and will be decided upon accordingly.

Eve: How about the cosmic particle wave to come?

CM: You are being showered in increasing cosmic particles already, which result from the dive of your complete solar system into the photon belt. This works out as a preconditioning. What you also see is anomalies of the „Schumann frequency“. It's all there an measurable and increasing and without doubt it leads into a big cleansing victory of the light, assured, with best out come for all planetary residents. The best outcome per my definition might not match with your perception of it. You simply need to be aware that God has the better overview. The Q-snatchers wanted to boil and take out the frog (symbol for Q) and now they will harvest their bad instant karma, which is the result one gets by putting the fingers on a hot stove.

Eve: How about all the sightings and strange phenomenon of light we can see in our skies?

CM: Well, I told you already in my last transmission to look at the skies. Sometimes they are colorful, sometimes there are ships up and sometimes you see clouds in certain shapes and twinkeling stars. There are further phenomena resulting from the destruction of satellites which have been launched and placed in the orbit for bad purposes. Freeing humanity is in full process. The founding of the Space Force by Donald Trump is one first step of partial disclosure for making known the technology to the public. Of course, this technology has been there for quite some time already, but the majority of people – even scientists included – has no idea about it. Brainwashing has been strong.

Eve: CM, you said, Christmas would come earlier this year. What does it mean?

CM: You have all information. You have the knowledge. You know the potentials. What does Christmas mean to you?

Eve: CM, you are really sweet. Cute. Can't you just give us a bit more of a hint? A clue?

CM: There is nothing sweet about me. And I'm not cute, but Q-ed, and so are you, I hope. What does it take to be worthy of the gift of freedom? Some dark days without social media, or even power? Days in which your beacons of light sent out from you as my team members will shine brighter than what you are used to? Christmas on this planet has been reduced to be a material show in favor of the Antichrist, so it would be high time to get back to the roots. As I cannot tell you more (as per my show instructions) I tell you this: It's about the gift of freedom for the whole planet, with all living divine creatures. It's the best gift I have to offer to you, and I offer it with all my love. Millions of cosmic staff are working in your best interest, and this is really a big deal. As we are speaking of being involved, I want to thank my little team for steady and committed service and for taking the slaps by people whom they have tried to pick up to the truth. You are blessed beyond measure. My team on the planet, besides, does not receive cosmic paycheques. They are fully committed to themselves to make their livelihood on their own, so that they can perform their service. By this they take training in the cosmic law of attraction. If you do not get what I mean, please educate yourselves. This is important for every single person.

Eve: CM, so we can expect power outage, sky events, turn off of social media/internet?

CM: There are many places on earth and what occurs may differ according to the location.

Eve: Ok. I observe the increase of New Age pieces, naming the 21st of December as some potential for an „Event“

CM: The toxic sweetness of these pieces will cause nothing but expectations followed by frustration, if they are not met. Stay away from this tavistock stuff and turn to me directly, in meditation of prayer. Aligned with me there is nothing to fear. Make your choices wisely.

Eve: When can we expect to have our freedom back?

CM: Ah, Eve. No dates. But you are in the peak of the process and you will witness justice returning. There will be no forced vaccines. There will be no vaccines at all any more. You will be free on all levels, free to travel, free to choose the service of the hearts, free financially. You will not need these many hospitals any more. In terms of medicine, too, you are entering a complete new dimension. This is what you came for to see and to experience. A golden dawn over a silent sea of high vibration. Kissed awake.

Eve: CM, that's beautiful. Now, how about the tests which implant stuff into people?

CM: The new technology will offer methods to eliminate this stuff. So, people who were forced into tests will have their opportunities. When it turns to the light what your „panedmia“ was all about, – a psyop of the deep state – many people will mentally reach their limits.

Eve: How about the wandering Monoliths of metal

CM: Stuff carrying it's own message: Heads up!

Eve: Who's behind that?

CM: The last battalion.

Eve: Uh, interesting. Now, do you have some strong recommendations for us?

CM: No fast food. Clean eating. Clean thinking. Get rid of toxins. Explore the beauty of nature. Have some storage of important things. Esu's tool box to explore the quantum field. Protect your children! Visualize the new cleansed world, free from evil.

Eve: CM, can you shortly explain your definition of matrix?

CM: Matrix is a program which is – in your world – set up by evil and held by the mainstream media plus satanists. It covers all important ranges – education, science, medicine, food, culture, habits, religion, finance. So, if the matrix goes down, there is no range left without change. There will come a time of reprogramming your minds and teaching you to regain your connection to the divine. There is no greater gift than this step out of slavery and into the awareness of divinity. This is true freedom.

So, I recommend to all of you to be brave and courageous and to stand in for your rights as children of God. No human being can ever take this right away from you. You need inner strength to cope with the revealing of the truth, which is to come soon. In all of this be aware that justice will reign again. Creatures of the dark will reap what they deserve from the seed they planted. We are here with millions of ships and far more assistants. The nightmare is about to end, soon. And we then need „all

hands on deck“ to redo the planet and to support construction of the new. While you are remembering the birth of a baby called Immanuel he chooses to remind you of his return, and he does not care if you personally limit him by suggesting he might not be able to return as a cosmic project leader, space ship commander or else. You should not expect him to return dressed somehow old fashioned, as you might imagine.

Eve: Thank you so much, CM. So, we are here at the brink of the new dawn.... this is almost a holy moment. Almost as holy as when I was realizing that the product number of the coffee machine in my new job, out of which I'm now allowed to get my „galactic cappuccino“, starts with CM. So to say, you are the coffee machine who makes my day, and not only this, you make my life.

CM: (laughing) I have been called all sorts of things so far, but never before „a coffee machine“. I suggest, I am the cosmic barista behind your coffee machine, telling you that for the time being it was a wise decision to manifest this job for yourself. If you are done with your questions, let's now go back to further vital things. Keep up your strength on behalf of God. Be blessed.

Salu, CM

Snapshot with prospects

or

the long-doomsday variant

Sept. 11th 2021

Eve: Now, CM, if you ask me, it is time for an update, after we have arrived on the 20th anniversary of 911. Would it be too much to ask for a snapshot with prospects on the actual situation? I mean, you are the boss, the master mind; we experienced fly high in July, at least those who could and had it on the screen, and we are heading for fall after a chaotic summer, sensed more than 50% of humanity took their jab and all of us fellows are under fire of frequency and the still-to-be hellhound media are preaching their agenda of the deep state. Life becomes harder, especially if you have kids, ground gets hot, your stew is brewing. Is this your „long-doomsday“-variant?

CM has patiently listened. By the way, he showed up looking as Q, after I had asked him to do so, the last time we spoke, out of a funny mood.

CM: Good morning Eve, challenging opening, as always. (He smiles) Don't mind, I'm used to it. Not sure if your paper-blank journal will have enough empty pages (This moment the neighbor turned on satanic music, so I had to get up and close the window). Well, earth press will have a solution for that. (By earth press he meant me)

AFTERMATH OF 911

So, beloveds, you remember September 2001, 20 years ago. Everybody will exactly know what she/he did or where she/he was when the news came out. You might even remember how Bush held the book upside down, from which he pretended to read a story to the children in the kindergarten he visited. Many just concluded from that that he was just too silly to read, but the correct conclusion would be that this event of 911 was an upside-down event of the Satanists, who have the cross upside-down as well. The blow up of the NY twin towers was a shock&awe event to the world, to justify control tools all over the world, pretty easy to see through by awake ones (by the way, Donald Trump, back then) and mind-blowing to the rest. Yes, it was an inside job. No planes involved. All victims just regarded as „collateral damage“ to the super lodges of the Elites, including the follow-up victims eliminated because they had seen or known or concluded too much.

Let's say, this was the introduction of the last era of anti-christed rulership. We had expected this rulership to end earlier, around the change of the millennium, but there's always optional time windows and new perspectives, going hand in hand with new chances and development, and analysis of the situation clearly said that you as humanity had not had it hard enough yet to open your eyes; I clearly want to state that it was in neither way any „let it go on and review it again in 5 or 10 years“. It was a steadily orchestrated ongoing with permanent decisions of allowing and No-No's, which has now led us to this day of 20 years after 911. Previous events of similar power after WWII were Chernobyl

in 1986 and the beginning of the Gulf war extending into the IRAK invasion, 1990. The readers of the PJ's will still remember how we explained the background. The war in Vietnam was also such a kind of event, but for the western world it seemed too far away to be concerned about it.

REPEATED REMINDERS

The reason why humanity needed reminders from time to time is the generation problem. There are always those too young to remember or not born yet at the time of the previous event and those who cannot go on any longer as their life plan foresees passing over. The rate of events has shown a massive crescendo now, and indeed more people are waking up because nastiness enters their personal comfort zone. It's – alas – so, that mankind learns best from unpleasant situations. As I have – or Q – said unto you many times, you are watching a movie. It's a movie, because there is a „regisseur“ and a script (variable in little ranges). All is rolling out like a higher dimensional game of chess, but more even like an online game.

A SWARM OF BLACK SWANS

On your Harry Potter movie, the „whizzard ministry“ sent these legendary owls as carriers of a message. You have been sent a black swan of immense size. Truly, a whole swarm of black swans, to cause what we would describe as a near death experience to civilization.

This is in no way an uncontrolled event. White hats are in control and will transform the black swan into a white swan, for all to see, but not for all to understand. The scene on the stage will change from Swan Lake to „Lohengrin“. (Eve: Please look up the legend of Lohengrin in the net. Lohengrin was the son of Parzival, who was one of the knights of the holy grail of King Artus of Brittany, member of the round table knights. He received divine order to save Elsa from Brabant and he travelled there upon a boat pulled by a white swan. There is a nice painting, which we try to insert here, showing the arrival of Lohengrin and the swan, and interestingly, Lohengrin looks a lot like Esu)

Those of high vibration and awake will be safe and needed as „Rocks of God“, while others who do not understand the picture will face problems due to „Rods of God“.

I beg you again to remember the tale of the „little red riding hood“. She was in the stomach of the wolf, who was dressed up as her grandma. She did not see, as she had not yet learned to look behind the front cover. Her Grandma had not learned about that either, she had been swallowed by the wolf even earlier. And both had to be swallowed first, before that legendary hunter came by to cut the wolf's belly open. (CM changes his outfit into that of a hunter, wearing a green hat and jacket)

NO ONE-WAY STREET

I want to give you some hints on frequency. There is a lot waling about humans being taken over by frequency. This is certainly right, possible and being done already. But remember, this is no one-way street. What works in one direction, also works in another direction. So, if the White Hats might be in control of the frequency, they might cause as well a reset. Just think that over, beloveds. Is God allowed to work with tricks? Again, yes, he certainly is.

Now, Eve, you will have to find a new journal first, before we go on writing.

PART II

Ok, CM, here I am with a new journal. Do you have time to go on scribing?

CM shows up, looking at my new oversized journal, grinning.

Now there's plenty of room for conversations. Am I about to see you more often now, or is this about to last for the next 20 years?

I'm rolling my eyes: I ordered some of a normal size, but they still need to be delivered, and yes, I strongly hope to make more room for more conversations with you celestial VIP's, for the sake of the reduction of distance. This journal may be oversized, but even if it's oversized for me, it might still be too tight for your great universal mind.

CM: Thanks for the flowers, Eve. I'm going to conserve them, so that I can ease my mind the next time you are in to give my our frying pan gongitation.

Eve: Truly, CM, it's been long since I did that the last time and I'm not going to behave like this again. So, if I remember it correctly, we were just discussing that frequency thing.

GODS FOOT IN YOUR DOOR

CM: Ah, yes, finally, it's all about frequency and energy. The swamp scientists have a long history of research on these topics, and unfortunately the results were turned against humanity and the planet. You were swallowed in one piece, so to say. But as I mentioned, nothing ever is a one-way street. The rising ground frequency does its part, the particles from universe coming in, and finally it's always mind over matter. I admit, the anti-Christed plan seemed to be quite waterproof – but just quite. God always finds a gap to get his foot into the dooropening.

YOUR PLANETARY A-LEVELS

AND THEIR PAY-DAY

The anti-Christed swamp creatures have had their time. And now comes the time of paying the bill. Pay-Day, May-Day, so to say. What is still ongoing in the decision-making of the individuum is the „Planetary A-levels“. You needed to have something of this sort. I know you absolutely do not like the word „testing“, but being part of the new world has to be earned. This has nothing to do with being unmerciful, as the souls lacking maturity will go on somewhere else until they are ready to pass their exams. The new world with high technology has no room for another optional misuse due to immaturity.

POPCORN ON THE LOCKAWAY-TIME OF THE CRIMINALS

Besides, quite a few have confronted me with how we could speak about popcorn and enjoying the show. Dear ones, nobody expects you to enjoy a show of crimes. The enjoyable part is the locking away of the deep state criminals, and the turning of the tide. It's the knowledge about the victory of the light and about every individuum having met their own personal need. When you will be looking back at these times of challenge from a date in your future, after having „made it“, you will mostly agree with me.

YOUR REALITY

What's in your personal experience is mostly a reflection of what you have created and decided. It mirrors if you decided to live in a friendly or hostile universe. It's the ability to handle the news without allowing your decrease of vibration. High vibrations are the best protection against trouble you can ever have. You are universal beings! You came as hands of the cosmic crew to help. Most of you were blessed with a perfect body. Contamination of toxic jabbing is no option for ones in the knowing.

WHAT IF ONE REPENTS HAVING TAKEN THE JAB

Eve: How about the options for those who took the jab and now repent it?

CM: When you are having a test at school and you handed it over to the teacher already, what will then happen if you go to the teacher in the next lesson to ask if he returned the test to you for you now wanted to write down the correct answer, before he wrote the result upon it?

They – the repenting ones – have to become aware that they might have better informed themselves before taking it. They have to deal with the consequences. Finally, mind is always over matter, but some decisions are hardly reversible, if the status of the personal development still was below „mind over matter“. The exam remains failed.

There is a lot they could still do, as long as they are able to, especially warning others and becoming aware that they were turned into living bio-weapons against their sisters and brothers who are „unvaccinated“. I would personally recommend daily detox for all, vaxxed or unvaxxed, by CDS, Chlorella and other various supplements which are being discussed on your health channels.

SNAP SHOTS AND PROSPECTS

Most likely, there will take place a „black swan“ event, or even multiple ones, to arrange the final take down of the deep state structures. Your old world will perish and make room for the true return of a christed foundation.

GESARA? Yes. St. Germain thrust, all is prepared. Slaves no more.

Dates? Set, but above top secret. Study the laws of creation, the laws of the universe. Will Trump be back? He never was away, actually. You just had a Biden cabaret. They are playing a show to you in order to show you what was on the agenda of the deep state!

Is there hope or is there hope? There is certainty, beloveds. These are still the last days of eternity and going will become more tough when the jabbed ones find out about the nature of the toxic stuff they allowed to be injected into their divine bio-system. And start to pass away in larger numbers.

WHOM DOES YOUR BODY BELONG TO?

Often, I hear you ones saying: But my body belongs to me. – Dear ones, this is not really so. Your body belongs to God and you got it from him to experience, to develop and to keep it as well as possible. So, whatever you do to intentionally damage your body is vandalism to divine property, to state it in your expressions. Any form of vaccination is damaging of divine property. But yes, you are living in a

society where the Christed God has to stay out like a dog. Think about it. What do you expect from a society which has forgotten about their origin?

RAPIDS AHEAD

Anyway, I'm here for all of you. Remain strong during this ride through the dangerous waters and visualize the safe landing on the golden shores of the better world we are now creating all together.

Strong minds you have to keep, to remain uncompromised, ride high vibes, so that you are to live free.

I suggest you reread Esu's piece „Be Islands of Light“ and live to be exactly that.

Do not doubt us, as we are working without breaks behind the scenes. The longest part of the path is now behind you, so do not fall off during the last part, when victory of the light is yet in sight.

Blessings to my dear ground crew and everybody to stand upright amidst the storm, holding the steering wheel set into the light.

Signed, CM Aton of Nebadon,

aka Commander Gyeorgos Ceres Hatonn of Starship Phoenix.

THE TIME OF TRANSITION IN NATURE

September 12th, 2021

Eve: Esu, could we perhaps make an addendum on the changes of nature?

Esu shows up and agrees: Do you have any special questions?

Eve: Esu, I'm quite depressed about so many trees dying. Not only furs, but also birches and many fruit trees. I sense it has to do with frequency and toxic stuff the spray via chemtrails. My tomatoes tended to remain green and hardly come to ripe and many apple and pear trees loose their leaves, even my red climbing rose seems to have had enough.

Esu nods understandingly: You must always be aware, Eve, and all readers, that beyond all artificial manipulations you live in a time of transition. Transition is always about leaving behind the old, moving into new circumstances. Likewise with humanity, where every individual has to make a decision, it is in nature. There are plants who have had too much, they chose to give up their old shape for another start under new circumstances. You actually see many new walnut trees coming up where you live, as you know, the wall nut is a very healthy nourisher to the human body. Plants coming up now and doing find will be part of the new.

By this I do in no way ignore the man-made death project of 5G. Yes, people and animals and plants suffer tragically and die from it, but the masses have to experience things like dead birds falling from

the sky „to get it“. Eve, you remember when you personally confronted that Telekom-employee on the phone, and he had nothing else to say but making the board of directors responsible for it. Well, it's still him selling his lifetime energy/work to this company, and you bet, he has any shaped argument stored in his mind to justify him working there.

Eve: But Esu, A lot of us do not WHISH bees and birds and trees to die from 5G.

Esu: God does either not WHISH his creation to suffer. All that allowing of 5 G stuff goes hand in hand with allowing evil governments or not caring about who sits in the cushed chairs on the top of the nation. What do they call the jab-damage of your C-vaxxes? Long-Covid?

The real long-Covid is the regime of a company you chose to vote again and again, even if you did not vote for the party in power, you participated in a model labeled democracy, but containing dictatorship and betrayal of the voters in every single election, just like it happened in 2020 to Donald Trump and over 80 million American voters who voted for him.

Waking up from sleep is always hard, when you find out that you were heavily blue-pilled and seduced by a global media-network of lies.

It's clean up time and you the people have to come into opening your eyes for the bigger picture, and every single dead tree, bee or bird, every neighbor dying from the jab will at least help you to realize that something is terribly wrong. They might blame the „climate change“ for that, but of course this is just another fat lie. Not, that the climate would not change, but it changes in a completely different way than they tell you, and it is not too much CO2 responsible for it.

THIS IS YOUR TIME

So, now you can say that all is horrible and a mess, but you can also make up your mind and be your own island of light, so that you will be – at least – no longer a bigger part of the problem. This is your time. Development has reached a point of self-fulfilling course, perhaps you can still convince one or two fellows but not necessarily. The course is set and your ships sailing the river of life are heading for the rapids. Do not trust in „medicine mafia“. Take full responsibility for yourselves and trust in GOD and seek to keep your head over water. Some things you simply cannot take with you and some people neither. Allow them to be removed from your boat, do not mourn for the past but keep looking ahead, remaining in alignment with the divine.

We are with you, sending signals all the time, we have many options to make things more merciful when it comes to regulate the collateral field, but you need to keep yourselves under control, individually, centered, in high vibration, and focused/already living the certainty of success and celebration.

This is Esu, always there for you.

I sign as the planetary prince and chief of maintenance, project manager of restructuring.

DEEP DOWN IN THE RABBIT HOLE

Esu through Eve, 9th April 2020

Eve, this is Esu. I wish to shortly comment the global situation. Thank you for taking time to write that down.

Ahead I have to say, I'm in a bit of an uneasy mood, relating to still observing so many doubters, while having the survey about all going on down in the rabbit hole is truly heartbreaking.

Folks, those who read here will have a clue of what all of this ongoing stuff is about, but you still need to be prepared to hear about the real deal hiding behind what you call „Corona“ or „COV-19“.

What you are going to witness is the most giant cover-up of your planet's history, a shock-and-awe movement which this globe has never seen before in complete history: compared with that your 911 will look like peanuts.

An ordinary mind of a standard citizen anywhere on earth will not be able to imagine the huge plan which has been orchestrated over years, which had to be adapted uncountable times, until it reached its scheduled timeline of fulfillment. What is going to be turned out for everybody to see is the pure horror which has been living below your feet and beyond your awareness, despite of hints and small cover ups which „they“ told you were „single cases“.

Ones of you who have read „Satan's Drummers“ (PJ 09) might have the best preparation, for what's to come, and also those who read „Tranceformation of America“ by Cathy O'Brian and Mark Phillips – as you had the courage to dive deeply into a most uncomfortable subject. It's a fact that the garment of love also consists of courage as an ingredient of importance, and this courage will pay now as best preparation. We have told you, dark will come to light, and this is exactly what happens. But who does it and who's being freed and who's being held responsible for being so full of pure evil that every star nation watching feels like having to vomit in a row.

How about your missing children, how about your daughters who have disappeared and were never seen again, as they ended up in breeding stations for „baby-material“ going unspoken for in the public? How about all the young boys ending up in unspeakable torture for the amusement of the few demonic subjects ruling your world? How about the uncertainty of not knowing what has happened to your own child taken away from you by „institutions of the state“ and having to live with that? No more, I say, NO MORE!

How about all of you ignorant happy campers still thinking against the President of America? Are the children of your world of ANY WORTH TO YOU?

You have not used your eyes to see, so you will soon have to use them to cry.

What kind of civilization must that be, where the youngest and most innocent and helpless beings are being kidnapped, tortured, sucked out and consumed for satanic ritual cults and rejuvenation purposes of the most evil creatures this sun has ever seen? (YOU LET THEM IN!) – Where a long row of murdered truthers has accumulated, where fear, terror and masks have succeeded to hold all of that away from the public eye? For decades, even centuries, even millennia?!

How was it ever possible to go this far?

And then again: It's one thing to have heard about, but it's another thing to really see. And you WILL SEE. As, you the people are in some way co-responsible.

How any of you participated in that recent „mass-meditation“ on 5th April, so that all of you should soon dwell in the fluffy land of a new timeline? While others, brave men and women all over the globe went UNDERGROUND TO FREE THOSE YOU EVEN HAD NO IDEA THEY MERELY EXISTED!

I promise you; you already HAVE A NEW TIME LINE, otherwise this planet would long have been blown in fire and ashes. A new timeline was just possible by new decisions of enough men, letting follow DEEDS upon their thoughts. But you will not get away with your „CLEAN HANDS OF IGNORANCE“, NOT BEFORE THE LAST ONE OF YOU HAS TRUELY UNDERSTOOD, HOW THE DERAILING OF A WHOLE PLANETARY CIVILIZATION HAPPENED.

Even me – I need to take a deep breath, centering myself, when I see what comes out from down the rabbit hole. Of course, there's also a reason to rejoice about all working out as scheduled, about the fact THAT these things come to light, but the pain remains while you need to see the creatures of diabolic mindset, the psychos, liars, child- and drug-traffickers of the world, still wearing the masks of politicians and celebrities, living a double life and speaking with double tongues of falsehood.

My toolbox will offer you comfort and means to get along with your new education, and finally stop blaming Donald Trump or Putin for the most ridiculous things and for anything which would not match with what you like.

I am personally and strongly involved in what's taking place. The plan is so huge and complicated, no single man could have done such a planning within a toxic apparatus of „government“. Something that huge can just be done with GOD BACKING YOU.

Those of you talking about a new golden age: Would you seriously think you can build this new age of gold upon the dead bodys, pain of torture and sick minds?! First the ground has to be cleaned and prepared and all of you have to take a close look upon whom your society has really crucified and what their further plans were.

The evil ones will have no place to run or to hide.

IT'S PAYCHECK TIME, FOLKS!

I ask those of you who are in the knowing already, to be the lighthouses for their shocked fellows. Men like Trump – besides the only politician who asks people to pray – prepare the return of Christ, just like JOHN THE BAPTIST did back then.

The action is global, remember,

FIRST COMES THE COVERED CROWN OF THORNS –

and THEN, ONLY THEN,

we can talk about the message of ascension going along with the EASTER HOLIDAY.

Need to go back to work, beloveds. Blessings and courage to you.

Eve: EEEESUUU, I still have a question.

Esu: Okay, go ahead.

Eve: These poor rescued children, can they ever be healed, so that they might face a near to acceptable/normal life, how about?!

Esu: I agree to say another word to this reasonable question. By the means you have as „standard means“ upon your planet, known to the public, no. No way. BUT, there is more available from „beyond the bushes“. Plus, YOU NEVER WALK ALONE. Help is at hand, with very advanced technologies, so that no child or tortured individual will have to live with the horrific memories. Remark: pharmaceutical drugs from your global players have exactly zero to do with that.

HYPNOSIS is the main ingredient which will be very useful, plus contact with pets, cats, dogs, horses can be very healing. When a victim will then have reached a point of entering a steady upward spiral, engagement in helping others might open up a new sense of life. We are offering our assistance in all of that.

Fielding by certain frequencies will also work nicely.

In regard of those whose bodies are too badly hurt and destroyed, so that passing away cannot be hindered, there will be means of taking care of the souls carrying these experiences.

All in all,

I am telling you that all antichristed plans

have become obsolete. As I said:

Paycheck time.

Behold my words seriously. The tide has turned!

Salu and Mitakuye-oyasin.

NOT ANOTHER EASTER MESSAGE

CM through Eve, 22nd March 2016

CM, would you mind?

Salu Eve, would YOU mind?

Now, CM, who asks whom? I just had the feeling you might have something to say...

But you also wished for it, right?

Ehhm....

Your wish is my command, so to say.

Well, I'm not that kind of early bird scribe as Dharma was in the last chapter I started ... 6.45 a.m., my, my.

Dharmas duties beyond being a scribe were different from yours. I'd never order you not to take you time for a coffee or so...

CM, you're the perfect Gentleman.

Always depends on my partner of conversation, right.

Now, what are you going to make out of this conversation?

Ahhh, first I choose to refer to what I'm NOT going to make out of it – and this is: NOT ANOTHER EASTER MESSAGE ON CRUCIFIXION. I really think we have produced enough of that sort during the years of our common work.

I'm aware what you guys want to hear – a detailed plan with dates and backstage information, but also in this respect good old Big Cheese has to disappoint you. It has not proved to be too helpful doing that... the dark element is utmost creative, especially when standing back against the wall with no escape at hand. I would say in addition you have been presented enough tools to make an adequate analysis of what's going on. Your backstage networks are still online, so you got pretty good chances for staying up to date. You know about our possibilities and from time to time we leave you little signs of our presence – as bringers of hope and way showers to a new dawn. Ye ones who are in trust and truth are forming the ground crew, so be it.

Not getting it is epidemic

After all these years it's still amazing to me how a certain brand of „not getting it“ is epidemic on your plane. What else could we have given to you as a cure? You expect us to make a good show, to read the news to you and then you go back to your shopping channels and sports. What are YOU doing to support me, to ACTIVELY support me? Are you getting creative, are you getting hands on activism for truth, are you telling your buddies about the UB and the PJ's? You should know the answer well, well.

The cat's in the bag

And again, I have stepped into an uncomfortable area, straight into your comfort zone, your border collie is barking loudly, the bag is being closed right now, and you are still holding your longterm naps upon the fence? As I recently said to Eve, I say to you now: The cat's in the bag. Or: How many grandmothers and lil red ridinghoods does this world offer to the wolf? Are you relying on me to out in the role of the hunter coming to open the wolf's belly in order to free what's inside? Yes, I'm well capable to do that, but what strongly needed therapy would I have to offer to the victims of drugs of all sorts, having lost important parts of their brain somewhere along the road, before they ended up to be the food for the wolf? (or as well the „fool“ for the wolf)

Just consumers?

I'm prepared to leave it up to you to find the answer. Perhaps you are going to ponder a bit, while doing this homework amidst your preps for Easter Holiday. Amidst those of you who are going to consume this script – listen – I say „consume“, not „read“ – are numerous ones who are not yet in a „hands on“ mentality. They will – as I foresee – smoothly switch over to the next new age stuff of „Glory and Hallelujah“ – to be lost for another while with no concept, no plan.

The Phoenix Journals

Folks it has been MORE THAN 20 YEARS since we started to transmit the Phoenix Journals. They have been fought like hell by the dark element among you, then you decided it would be too dangerous for you to deal with the stuff, you rested again and the precious material was meant to be forgotten in the „cellars“ of the net. It's still there, it's NOT rotton, but it's still a challenge to read. Some of the couraged ones having carried this torch have passed meanwhile, and not all of them have found another one who would have been prepared to carry on the flame.

YES, I DO UNDERSTAND that all of this stuff about what's going on in your world, all this satanism and murder and betrayal seems to be too hard to stand for you. So be it. In consequence you are heading to be slaughtered – happily? – with covered eyes. Just go on trying to „meditate the Antichrist away“, you are giving him a good entertainment. All this new age stuff is nothing else than a product from his plant.

Back to the PJ's – I recently turned to Eve, making another try for having the PJ's translated into German. And I'm most happy that I seem to have been able to „ignite the spark into a flame“. Well, Eve&Co tried to activate some people of whom is known that they have the capability to do that properly, translating the material. Now, guess how it went. One person chose to feel better going on working in daily stuff of a „brand“, while the other one insisted on having the solitary right to translate ALL PJ's personally???? GET IT?

Excuse me, please. Our team with several people needed more than a decade to transmit all journals – and you are going to insist on a one person translator marathon – that's pretty impressing, I must say. I suppose, you are planning to have an extremely long life to do them all on your own – totally in disregard of the fact that „commander Hatonn, space cadett and Big Cheese of Nabadon would be in need of them a little bit earlier – now, far away from „your wish is my command“ – as Esu recently

commented: This claim about solitary rights to translate non-copyright material – smells just like staking the claim of a digger for gold. Finally, if the calculous turns out to be wrong – you can at least say: Well, I have not found any gold, but succeeded in staking a claim. Besides, perhaps you did not „get“ that it was not Eve’s project but mine!

Now, take a breath, there are paths to be opened and there are further tasks to be faced.

Planetary overpressure

Meanwhile your engines are far in the range of overpressure. It seems, not too long any more until the engine will be torn in bits and pieces. You will have to see it, to watch with open eyes to keep it in mind for all ages. Don’t say you have not seen it coming. Where is your discernment?

The according tool of handling discernment would be: If you see something/somebody looking like a sheep, just keep watching for the loose end of a zipper hanging out among the sheep coat.

I’m trying to be nice, beloveds, for Easter Holiday is approaching. But heed my words, for I’m not speaking to you in these kinds of metaphors just to entertain you. There might come a day where many of you will wish they had given a dime on these images of zippers in a sheep coat.

Know thy enemy

I appreciate Eve’s summary on the danger coming out from the hidden „Ur-Lodges“ (Freemasons etc.) Haven’t you ever asked yourselves how these entities always managed acting out in global orchestration to cause havoc and chaos at all ends?

To overcome your counterplayer you must take an effort to understand his organization. The whistleblowers of the present times are currently earning a lot of boni. Fortunately, more and more game players realize they are burning their feet, for they have placed themselves upon a ground which is now enflamed. This encourages sudden turns towards the light of truth. This will generate further model roles to those still resistant. Many among the ones changing directions might face the loss of their life, being „suicided“ or planely murdered by the hardcores. But their turn to the light will be precious to them as they reach the higher realms.

There is no such thing to fear like on the physical death. The vast thing close to it – in this sense – is turning away from God straight in the arms of Antichrist.

Beyond your horizon

I’m a bit in sadness about that so many of you have not understood what BEYOND was about. But it was literally too far beyond your horizon, what Eve and her 007 team revealed. – One day you are going to understand. Coming down to this planet to live a life dedicated to the light you must be clever and smart enough to develop detective skills. You must never cease to ask questions, or you will end up tranquilized in a herd of sheeple, with a chip.

For this is the next task they try to implement – once there was a time where chips were in the bag and the cat around looking for mice. Now, the cat’s in the bag and the cat chipped – while mice are dancing on the surface of a globe which they have been systematically hollowing out from everything of divine value. Ahh, just another metaphor.

The road towards change

Now I have given you a hard time with preachuring and spelling the beans to you, sometimes I just have to be straight, simply. I'm really curious about what you are going to do about the RFID chips. Are you going to allow the change from a human being into a cyborg without any resistance?

Heed my words: GOD is going to support those making the first step into freedom. I know about the difficulty of your situation. And I sincerely ask you to turn away from dealing with all these end times prophecies rather than concentrating upon what can be done to turn the tide. The human mind in divine connection is an incredible well of creativity. If all of you returned to the roots as ONE, who could hold you up? There are not enough prisons to jail in 7 Billions.

Back to the roots

How about you the farmers? Planting stuff to burn as fuel, or corn for alternative heating? Will you go on spoiling the ground with „Round-up“ (Glyphosat) which is later contained in wheat and cotton – or for the sake of not producing food at all but plants to burn? What are you going to eat if the EU or your State break down? You have contributed to the contamination of GODs soil, to the toxic food you are feeding to your kids. Just for the few rotten paychecks you get from the overlords, you have foresaken your future.

Thank you, lodges

And in Europe, currently, people are becoming misused as weapons against their human bro's. Send a letter of thanks to the lodges, it's their plan of destruction. Is there anything of enough value to you, to make you stand up against the orchestrated demise the dark elements have decided to be yours?

Ahhh, I could go on pages and pages... emotion powers action – and are you ready to go?

A grim sense of humor

It's hard not to loose humor in these situations of seriousness. But humor is still alive. Eve, allow me to tell one episode from your daily life (ok, go ahead). You know, outside at the wall of Eve's barn, they keep an eye-protecting mask of black metal, a face shield, such kind of that you would watch a solar eclipse through it. One fine day Eve took a silver pen and wrote upon the metal as follows: „TAKEN FROM DARTH VADER“.

We were really highly amused about this idea, literally suggesting/telling to have torn the mask off from the face of the dark element. So be it.

Be brave

Now, what else would I offer you? Hope, lots of hope, beloveds. After all this speaking straight to you I want to point out that this straightness is nothing else than what I call „tough love“. I'm very concerned about you and your world. In fact, it's OUR WORLD, commonly, yours and mine and the one of Papa Source. Be brave in these end times, for the riders of Armageddon have been released from their hidden places and let's see if all of the sudden their horses might be lame and their daily weapons not working. God help these ones who are so mentally disabled by the promises of the

Antichrist, while you in divine cooperation shall be blessed beyond your imagination. So, time will turn out what we are going to do for each other.

Easter potentials

Esu through Eve | March 24th, 2010

This morning I woke up with the memory of Esu's Easter message from last year, and while that was still on my mind, I was thinking about whether there would be a message for this coming Easter as well. Suddenly, I realized that Esu was knocking on my door asking for a transmission for him. And now I am sitting at the laptop at his service.

Esu: Dearly beloved, it is Esu who has a few words for you because of the coming Easter and the potentials for it. I would like to follow up on my message from last year, which was called "This is the Time of Resurrection," and in it I wrote about the potential of a powerful resurrection. Now another year is behind us and still there are so many people who have no idea of what is coming. They live in their little box, in their little private world, and when they think about the Easter holiday, it's always just the old story of the crucifixion and suffering, and taking on sins kind of thing: Jesus took out our garbage, and as a garbage man, he cleaned out our garbage cans, so no matter what we do, and no matter how much garbage we may continue to produce - we can always rely on this sort of Christian Yom Kippur day, and carry on just as we always have, without any effort to change anything... and we'll have our after-death barbecues in heaven, with a cheery "Cheers, Jesus!"

So, how is this actually for me now? Really, it's a big "OH MY GOD." How blind can man be? How many people have a vacuum in the place where a functioning brain should be?

Christ will welcome His lost sons home, but JESUS WILL NOT BRING OUT ALL YOUR GARBAGE. HE WILL ENCOURAGE YOU AND SHOW YOU HOW YOU CAN RECOVER YOURSELF.

There is only a little potential left for the many who have chosen to remain ignorant of and ridicule those in the know who are gently tapping them on the shoulder. Sure, there will be a few moments of awakening, combined with great despair and remorse, when they suddenly feel as if they were the actors in the movie 2012, at the point where the ground and the buildings start to crumble around them - and they may not be able to step into such an evacuation tractor beam from a ship, because their programmed mind just at that moment shows them movie scenes they once saw about alien attacks with a lot of blood around it. Most of the time it will be too late for them at least for this life if they don't have the courage.

I'm not just talking about California slipping into the ocean, I'm talking about global potentials. California is a really serious issue, though. Things are coming to a head there now. Folks, you're living on a kind of symbolic bomb there, on the giant called the St. Andreas Fault, at the Pacific Ring of Fire, and that giant is about to wake up. You don't believe, you just don't believe. You have been taught about the potential, but you still chose to live there. This is a really weird thing with people, this root thing that makes people live in dangerous places just because their ancestors lived there (and never mind if they died a violent death related to the danger of the place). Why do people live at the foot of volcanoes, on dangerous coasts, on the St. Andreas Fault - just because of the daily special kick like : Hello, I'm still here, me against nature, try if you can get me.

Mankind has never really been able to fight a battle with nature. There is only one passable way, and that is to cooperate with nature, by understanding and by making wise choices. So why do PEOPLE LIVE IN CALIFORNIA knowing the potential? This "Sunshine State" -as you call it, is not the only state where you can see the sun. I think the main reason people are drawn to California is because of their Lemurian roots. California used to be a part of Lemuria and it's probably the ancestral love for that continent that pushes people to move there. But,...dear ones...what happened to Lemuria? That's right, it sank. Do you really want to repeat this scenario again? Wasn't it enough that you went down with your country back in the old days, you're not going to tell me now that you enjoyed it? If you go down with the country again now, how many more times will you need before you learn to make wise decisions?

And quite often it's the kind of people who, after losing their physical body, send complaints to God, like in your joke: Hey, God, why didn't you save me? I prayed and you promised to save me, but now I lost my body and you didn't keep your promise... and CM answers: Hey, man, I sent you my evacuation ship for your happy resurrection, but you just didn't get on it?!!!! (smiley face with sunglasses)

So, going back to the upcoming potentials - exactly no one can predict where the new shorelines will go. Exactly no one can predict the 100% timing. There is a certain potential for further compression of natural events as it approaches Easter, and you should act very wisely if you feel you are living in an area that is not safe. ... it's always a drama with the families around you who don't believe you could be right, and you don't want to leave them, so, you could decide to stay with them until literally the last second, but then - if you can't convince them to get on the evacuation ship, then make sure that at least YOU DO!

The resurrection this Easter could be completely different and unexpected, and it is advised to stay prepared.

Someone doesn't have to be a prophet to conclude that. YOU HAVE SO MANY TOOLS YOU CAN CHECK, dear ones. You have your earthquake maps that you can look at. You have your alternative network reports, and even a few mainstream media outlets are already reporting the rising volcanic activity that is about to trigger chain reactions.

Oh, if you're sitting in California, you may still believe the newspapers that tell you to go back to sleep, it's just a small quake, nothing serious. And then you think it's just the one and that it's just small and it doesn't mean anything else. BUT THERE ARE MANY SMALL QUAKES THAT ADD UP IN YOUR REGION AND THE EARTHQUAKES MAY INCREASE IN STRENGTH FROM ONE SECOND TO THE NEXT; AND THEN - WHAT WILL BE LEFT UNDER YOUR FEET WHEN ALL THE CAVITIES BENEATH YOU COLLAPSE AND SEND YOU INTO THE SEA WITH A SUBTERRANEAN ROAR OF THUNDER? And you may think you're in the wrong movie, but it won't just be "great cinema," it will be real life, with no turning back.

I am aware that most of you are not pleased to hear me talk like this, but I will always give you another warning and then another, until the last minute. Not a single one of you will be able to turn to me and say: you could have told us that. So THAT'S WHAT I HAVE, over and over again. And when you calculate what 2 plus 2 is, you get as a result that the moment of truth is upon you. Even if you don't really believe in the Jupiter sun, you can see pictures of large objects around the sun, you can read the earthquake monitors, you can watch the CME's roar in on real time, and you can draw your conclusions

from volcanic activity. None of you can tell me there is any need to hide your Easter eggs under volcanic ash or lava flows.

And all this activity - even if "they" want you to believe it - is not caused by earthly technology or weapons. Of course, our dark ones - who are so resistant to learning in the right direction - are doing some kind of hijacking of natural events by telling you they caused the quake in Haiti or elsewhere. Dear ones, it's not just Haiti and Chile where it's shaking. The whole world is shaking, and it is increasing. By telling you they caused it, they want to give you a "shock and awe" event to make you feel that you are lost and think they could just do anything, make the planet go up, make any place shake - maybe casually after getting up in the morning with their coffee - "Well, where are we going to make the earth shake today?". Here or there, or maybe here AND there?

There have been a few catastrophic underground quakes in the past where an underground reactor accidentally exploded, but that was an exception. We no longer allow nukes, and would not allow further escalations that hurt the earth and cause quakes.

The planet is able to produce its purification process by its own power together with cosmic influences, and the increasing factors for great natural events are part of the plan.

When you think about resurrection, at the time of this Easter holiday, I ask you to think not only about the past, but also about the NOW and the FUTURE, because it is about the resurrection of our planet and humanity. The programmed life you have is not far from being dead, and therefore there is a great incoming new potential, even in the face of all the difficulties and disasters that may cross your path, - and it is related to learning to live again. For some of you, learning to live again may feel as if you are being asked to die, but man is always much stronger than he thinks. The old trash cans must be emptied before the new paradigm can fill your empty buckets. YOU WILL LEARN TO LIVE AGAIN.

Please take Christ off your cross, turn away from the past and realize that you are standing there face to face with the NOW, in the times of great change.

My faithful followers, I keep you all so lovingly in my heart, knowing that it will not be long before I meet you all in person.

Keep going, my beloved ones, keep the light bright and the divine torch of resurrection high and visible to all,

keep hope,

keep faith,

and most of all

KEEP LOVE!

I press you to my heart, dear ones,

Esu, your planetary janitor.

The WAVE - a cosmic tool of purification

For the current occasion we have compiled in the following from our archives some information about the cosmic phenomenon of the "WAVE" and added current remarks. This event will mark a dramatic turning point which - according to credible indications - could be imminent soon.

Do you still remember the whole information
about the "WAVE"?

Eve - 04.04.2014

The "WAVE" is a particle cloud coming directly from the center of the GREAT UNIVERSE, from no other place than the "Paradise Island", where the divine Trinity has its seat, so, you could say: directly from the Eternal Father himself.

It is said that this WAVE will transform everything, and only what is aligned with the DIVINE will survive.

During the past years we have had again and again harbingers of this great cosmic tsunami, which is in the process of rolling in, and which is able to penetrate this planet to the very core.

An approaching wave of the scale of a cosmic tsunami has, of course, the ability to trigger gigantic Earth changes and finally manifest the urgently needed systemic change on Earth. Divine alignment is gaining support.

WHAT EXACTLY IS THE "WAVE"?

The "WAVE" is also known as "The EVENT".

Eve, May 2018

Some believe the Event is the first contact with extraterrestrials or a global event of the forces of light taking over. In a way it is, but it is a natural spectacle, not an orchestrated scenario with individuals, landing spaceships or the like.

However, the effects of the wave will be massive, in the sense of cleaning up, which will facilitate all subsequent steps in our evolution. The wave consists of energy, which will come in here into our solar system and will penetrate everything, all matter. Not only on this planet, but on all the planets of our solar system. This energy comes directly from the Source (Eternal Father, Paradise Island, see The Urantia Book) and is cyclic. It is an instrument that passes every 26,000 years, always after the expiration of a cycle. Since our records do not go back so far, or the records which do are kept under secrecy, we have no bases or comparison data in this respect.

The wave is referred to as a tool of PURIFICATION. The energy is extremely high vibrational, which is why - with the high number of biological robotoids on our planet - a large number of bodies will not survive this event. Basically, the higher the human being is in its natural vibration, the greater are its chances to survive the energy invasion unscathed and reasonably comfortable.

A lot of "breakdowns" will occur just because of the fear of the beings who are not prepared for such an event. They will not be able to withstand it, possibly not because of the impact of the wave itself, but because of their extreme fear.

Messages about the WAVE from QHHT meetings.

(QHHT = QUANTUM HYPNOSIS HEALING THERAPY according to Dolores Cannon)

During the last year, QHHT therapist Allison Coe from Oregon, USA, has also been told by the Higher Selves of various clients about the wave that is supposed to be imminent.

Some of the clients were led by their Higher Selves into a preview of the wave and reported that the wave was colorful, some saw it reddish, others in all the colors of the rainbow. In America, it was said to be late afternoon when it arrived. Nearly all said they felt the need to lay down to better process the energy.

Fairly unanimously, 2018 was mentioned as the period of arrival, with the addition of "in the warm season." Of course, this depends on where someone lives, but since the clients probably all live in the northern hemisphere, we can assume that mid-year 2018 plus minus is meant. As a direct precursor to the wave, a smaller wave is supposed to come in that is like an Electromagnetic Pulse (EMP). Apparently, they know about it in the USA, too, because there the so-called "Operation dark sky" is running in the state of Wisconsin right now (mid-May 2018), where an EMP impact is simulated and trained.

The interesting thing about this is that for us in Germany, no access to American pages with details about this is allowed on the Internet. You have to pretend to come from another country, e.g. Finland, to get the information. In public there is talk about an EMP weapon in this context, and it cannot be excluded that certain forces will try to sell us the WAVE as an attack of an (extraterrestrial) power.

Anyway, if the wave arrives, massive panic outbreaks are to be feared. If you want to be on the safe side, stay at home and barricade yourself. Effects or symptoms of the wave can possibly be similar to radiation sickness. A meditative state without fear and panic is certainly helpful during the event.

Note: The Higher Selves agree that this time now is so special, which is why there has been a mass rush in incarnation opportunities just to somehow "be there" physically. For this reason, also incarnation possibilities were exhausted and accepted, which actually represent an imposition for a child. From the higher point of view, it was obviously "worth" it.

One estimates that the wave will come in over several days, the energy will not evaporate then, but will remain and transform everything.

According to the latest information, many people who are "not ready yet" will be "brought up" before the wave arrives, i.e. they will be taken to spaceships so that they can adapt more comfortably to the vibration there, on the condition that they somehow belong to the light crew or have the potential to do so. But there will be fewer than originally planned or assumed. Then, after the adjustment is complete, these people will be brought back.

People of light who are holding out down here while the wave comes in have roughly two different purposes.

One will get comfortable again relatively quickly and then assist those for whom things are going less well, but well enough that they could stay down.

The others have the job of becoming anchor points for the wave and simply don't need to do anything other than stay where they are while connecting as harmoniously and well as they can with the energy of the wave and the Creator.

People of darkness who are down here when the wave comes in may run amok and possibly take up arms. You should stay away from them at all costs. They tend not to be upgradeable because of their low vibrational structure and the problem will be solved biologically.

By the way, I personally had a trip to a show of the wave many years ago when it was first mentioned at AbundantHope, probably also by my higher self. It felt very euphoric to me, and the sky was quite reddish.

One of our team members had the idea to undergo a QHHT session himself as well, and to ask his higher self about the subject. His higher self also confirmed everything that is known about it so far. It is probably also the case that the wave passes through different relay stations and is adapted to the circumstances. And how could it be different: There were actually again undertakings of the dark side to keep away this wave and to manipulate the relay stations.

WAVE RIDING

Surfboards for riding the wave are available until the last second in CM's store

March 11th, 2011 - Esu & CM through Eve

...

Hey you, CM here! I hear you're talking about surfing?

Oh, CM, you've "scented it" again, grins.

I appreciate you guys discussing the ride! This wave ride is MY wave ride too, as I surf my creation by wave! Look, Eve, when you're on the beach and the wave crashes over you, you're not seriously going to expect to come out of the water dry. You're going to be dripping wet, your surfboard included. With this wave we are talking about, you will all be soaked, with divine essence. Furthermore, you will be permeated through and through with it.

It will remineralize the leaks of your divinity - except for those who will be a complete leak themselves and collapse. All in all, I appreciate an optimistic mood while awaiting the arrival of the wave - that will

certainly serve you better than hiding from it in fear. Besides, there is no place on this planet where you can hide from it.

The wave will not only work on the surface. Just as X-rays provide images of your bones and penetrate your body, this wave will penetrate everything and go through and through the planet. The nations of Inner Earth will be included in this event. They will welcome it as a sacred act and celebrate it, and because of the higher spiritual education they will feel the wave not so much as a havoc, but rather as a vibrating wellness massage.

The wave is my voice calling you, so all of you be aware of it, be on the lookout, as you did with the cyclone that was heading for Australia. My monitor clearly shows it approaching, so time to put on your swimwear and get your surfboards ready. Where you stand will determine how you experience the wave.

If you have learned to swim and are courageous enough to put some distance between you and the shore, you may find it easier to meet the wave - as long as it has not yet "broken." The point at which the wave breaks is one that creates the most debris. Remain respectful, do not underestimate its power. Ask for guidance when it is there. This event is the greatest initiation of your life. In all of your trusting maneuvers, I will carry you. I carry you now and I have always carried you and I will always carry you. The water may seem big to you, but I will lead you, so that you will be home again.

Surfboards are available in my store until the last second - and you don't have to pay for them - you get them by your will and your trust to try - for your way home. Happy surfing, and also re-emergence from the wave - in transformed state... I am CM, your chief wave manager.

Because of all the horrible things in Japan, I'm just posting this now.

BE ISLANDS OF LIGHT

Esu through Eve

16th – 29th December 2019

At the dawn of a new era

Eve: Recently I did much research on mind programming, Dispenza, Lipton, Bradon, Robbins and the refreshing Jake Ducey. Afterwards – in perfect synchronicity and serendipity – found the passage of PJ 34 on meditation and self-hypnosis, chapter 6, which is really great stuff. I understand that every person has to set up a new concept of self, including me, the new Eve.

Esu smiled and said: „actually you are returning to be your original concept, so be it.“

By that he meant the concept of awarely embracing the creative force of manifesting, in favour of the Divine light.

The topic is about exiting the matrix of the dark and I remembered the analogy of Pippi Langstrumpf, the main character of a book for children by the Swedish author Astrid Lindgren.

Little Pippi was still living in her Theta-years of downloading the basic programs for her “mind-computer-subconsciousness” and by having grown up with her super creative father she had a completely different program than her friends Tommy and Annika, who had already been successfully programmed into the matrix of the actual society.

We are heading for 2020 and here the new era starts. I’m told that the prolongation from 2000 to 2020 was because of the awakening potential contained in 911. We have now witnessed a 20 year period of increasing antichristed rulership worldwide, with a crescendo starting in 2012. The biggest chess game of the age. We have been motivated from year to year by being told that “day x” was “soon to come”, just to keep us holding on. Looking backwards I must say: that was pretty reasonable. Anyway the worst plans were restricted from becoming manifest. Actually, a fine thing and a big mercy upon us. When CM said, he (still) had an “ace in his sleeve”, he certainly not only thought about the “army of the dead”, but also about playing his “Trump-card”, which is working out fine by the help of “Q”. It’s “America first”, so we will have to hold on in Europe, until the move out of the diabolic hierarchy will have been effectively done.

Esu comments:

Greetings to our beloved ground-crew and students, just let me shortly address a few things to you.

You must now actively say good-bye to your past, as you are about to awake to a new morning. Your past can be imagined as chains and iron balls you carried with you all the time, and your “spiritual selfmade specialists” encouraged you to make never ending dives into the deep sea of hurtful experiences, but you must understand that this has to come to an end now. You cannot cling to your past any longer and bath into the traumatic emotions connected to it. By this you just create it over and over again.

Rise, as your oxygen bottle get's empty. It does not matter anymore what you find among the wreckages of sunken ships, not even if it's your own wreckage. Your time for the test is over, you gotta hand over your writing sheets to your teacher, who will soon let you know, if you will make it to the next grade. You had your lessons covering the „mechanics of the mind“. You have been handed over the keys and stuff and housekeeper toolbox. Actually, they were handed to you about 30 years ago, but remained in slumber in the PJ archives. Had you but read this more readily and passed it on, how glorious your journey would have turned out. But anyway, we are here, at the final breathings of the old, at the dawn of the new to come, in the times of Q and the Trump-card, so you may well expect a turbulent take off into the new era, while the truth is taking her touchdown to land and be here, the “gear” is already down. Turbulences have been and still are occurring. The coming age will be the age of the heart, age of goodness and of brotherhood, in which just those will strive who regard their beloved planet as their living shelter.

THE CLIMATE CHANGE STUFF

In this regard let me shortly comment on your “climate movement”, which is nothing else than another dead end, incorrectly labeled by your still-to-be-overlords. Under current circumstances the use of electric cars will bring nothing else but more problems, which is actually fully intended and set up to suck the last bucks from your bank accounts. The climate is made by your sun and mankind can do nothing to change it – at least not by the technical means available on the planet right now. Any off-planet actions will be restricted immediately as they would affect other civilizations.

Your problem, guys, is not the climate, it is YOU, up from the highest ranks of economic power players down to the individuals leaving their waste behind them upon the ground of the planet. It's the mass-programmed army of ants in blind greed and material robbery against anything making their environment – the no-see-no-hear-no-listen-fully digitalized subjects of a mind-controlled species who will learn by nothing else but hardships. So the big question for many of you is “how can I escape from the matrix”?

YOU ARE NOT ABOUT TO ESCAPE FROM THE MATRIX, YOU NEED TO TRANSFORM IT FROM WITHIN!

This is a question signaling your wish to leave your working place. Clearer: Your spot, where you are expected to do your work, big Nono, so don't say „leave“ or „escape“, as you were placed there for a reason.

So, the more correct expression would be “perforate” or “peek through”. If you imagine the matrix like a dark ocean, every peek through is an island of light. If everybody becomes an island of light, all will become a sea of light, so you will literally live IN the light amidst the matrix, like lighthouses in shorter growing distances to each other, inviting others to also become their islands of light and become true creators. You are not going to do this with any crutches but simply by your mind!

This has nothing to do with the “happy camper syndrome”, where the first choice is to be ignorant in regard of evil. It's primarily about embracing and understanding your mental power, your “getting it” of how it works to create your life. It is not about giving yourselves fancy “spiritual names” and setting yourselves beyond eye sight by celebrating foreign language mantras. It is first about getting your own house in order and clean up the subconscious minds from the intentional bugs of your external

programmers, a process which will inevitably lead to gaining back your power. The wisdom in which you will most hopefully apply this power is setting you on the right track for the journey home.

So, how can we describe your challenge? It's "not living in/by the matrix while still being amidst the matrix field, it's connecting into the quantum field and actively creating after clearing of your subconscious mind from dark matrix stuff, and by that carving the matrix out until it crumbles and falls apart. The new energy and higher vibes will be more supportive to the light people than to the low-vibers.

You are to do this at your end and we are doing our supportive jobs from our ends.

The crumbling of the matrix has already started. Many facades are merely remnants of stage decoration, fake facades, with no more real substance behind. Keep phoning home, beloveds! Make up and feel a cleansed world, emotionally celebrate the victory of the light and perishing of the harmful dark stuff before it may even become fully applied against you. We are the best phone advice ever, even at no charge! And the divine support will always be friendly and patient, equal how often you call us. Check out your tool boxes and embrace being creators. Feel as if you have already made your results successfully and make it at least your morning and evening routine, wherever you are!

Say, for example:

"I am so happy and grateful

that 5 G was now prevented from being established worldwide

that crime and Satanism of the dark has left the planet

that A.I. was eliminated right in time

that the communist socialist concept was trashed all over

that the divine laws are now groundwork being honored and applied

that our children and animals are safe now

that the NWO was totally trashed without return

that all nature is in balance again

that the planet is now freed and fully in the light

that love and brotherhood have now fully taken over our societies

(.....) and whatever it is that you privately wish to manifest as a win-win situation of the light for the greatest good of all."

FEELING CREATES THE HEALING

Get into Theta-brain-waves (slowing down your breath awarely works) and start to create the new life NOW, with self-discipline, wisdom, regularly (in meditation), out of a mood of gratitude and bliss, by reaching out into the quantum field as pure consciousness, to make your quantum leap and become your own leap-frogs!

(he sent me an image of the Q-frog, playing leap-frog)

(P.S. And kiss this frog, it might be your planetary prince!)

Eve: Esu relates to the tale “the frog king”, there was already an earlier message years ago, when he used this tale metaphorically

Kiss this frog, it might be your prince!

– for new readers especially

Esu through Eve / 15th June 2009

Hello dear readers of Christ Michael, it's me, Esu. These last days come out to be more challenging than ever. The energy marker of rays and photons rises steeply upwards, while the magnetosphere is in its final throes. Reaching the peak of the curve the "frog will visibly change into a prince".

You are aiming at the tale of the frog prince?

If you will, yes. Many among you have been looking for frogs in their ponds over long periods, following the phrase: Kiss all frogs, one may be your prince. Many of the frogs had decorated themselves with crowns, faking the seekers. The frog kissers were due to find themselves anywhere but not where they originally intended to arrive.

Where were they heading for?

Into the arms of the "Prince of peace"! But instead, they were finding themselves in the claws of any sects or in the stanglehold of astral octopuses which were having an easy job by the lack of development with the individuals. In case the seekers were lucky they succeeded somehow to free themselves and to go on seeking, however having bad luck they remained dominated until leaving this plane. And it is not just the small sects having set up a small crown and claim to be the only bringer of salvation. Unfortunately, it is especially the big churches and religions who come along your way in your ponds of seeking, – presenting themselves as capital toads, unctuously sitting on a golden lily pad and lying at you to beat the band.

It saddens me deeply looking at into which fake these churches have distorted my message of Christ – during all these centuries. It had been their order to manifest heaven on earth. But there exists no single religious commandment which has not been violated by these self-appointed bringers of salvation. They are having another God apart from the Eternal Creator of all that is – the luciferic god of ego and power, they kill, they lie, they steal, they request others goods and chattels – they honor neither father nor mother – Christ Michael and Nebadonia – and they misdeemean the dignity of man and planet.

You have a TV-Series revealing some facts relentlessly. I'm talking about "popetown" (MTV). There is friendly advertisement showing Jesus not hanging upon the cross. Jesus is sitting there laughing. Laughing, dear ones, is a way to heal. This laughter here does not deface our teaching. Furthermore, it returns the true core to it, as the road to home is a joyful path. The laughing Jesus is the true one, as our message is a message of joy and love and hope, a toolbox for life on a material world. Popetown directly addresses the lacks and problems by cartoons. Sure, this series was named to be defaming by the catholic church.

This Series is an excellent image on double moral standard and the hair-raising grievance of an institution which claims to be the only representative of God on this plane, while in truth it is

completely counter-indicated. What I'm talking about here is the core of this institution and not the peripherals, as there are truly loving hearts among there, seeking to follow the model role of Christ. But it is these hearts who are gagged by a construct which has nothing left in common with the to-be focus. It is the big churches in special who are the master performers of brainwash. Tell me, did they tell you about false prophets? No further comment.

Those who think they have to kiss all frogs – as one might be their prince – have reached their goal in the moment where they open the homepage of Christ-Michael.net, activating their receiver of spirit/mind. I strongly hope, dear reader, that you will recognize me here rightaway, even if I might just look like another frog to you. If you succeed sitting at my pond for a little while listening, you will find that exactly this frog is nobody else than your planetary Prince of Peace. Your seeking has been fulfilled! As time passes you will feel comfortable in our companionship – and I'm not just talking about just me, ahead of all is Christ / Christ Michael, followed by his staff. Our teaching is loving – we are talking to each other friend to friend.

If you want to call our message a religion, then please name it religion of love, as all of you are truly loved. There is much you have forgotten, and there is much which you do not know yet. We are joining you and explain what is good to know. You may profit from my experience and knowledge, just in case you wish to. We do not evangelize and do not urge anybody. Remain critical and questioning and illuminate the information we give to you by your heart. Among the basics you have been told by the churches much has to be corrected and changed.

See, we do not need pretentious domes, mosques or synagogues. We are not in need of unctuous rites and ceremonies. All we need is hearts of pure intention, love and friendship, truthfulness and the ignited spark which makes the spirit/mind strive for recognizing and knowing. We need two or more in the name of Christ, in the nature of mother earth who is more holy as your most holy temple of God.

I may appear to you as a frog and you may dare to kiss this frog – which means – you embrace the awareness of Christ inside your hearts, which results in the Planetary Prince being at your side through thick and thin. We are your oasis at the end of the long walk through the desert. We tell you: Every single of you dear soul-carriers is also God, by the father-fragment you have been gifted with and which is living inside of you.

You don't need priests and prayer leaders telling you that you had to have midwayer between you and God. You are grown-up already enough for a direct contact, you are the authorized officers of Christ Michael and you could as well kiss your own mirror image – in the morning when being in the bath room – no matter if you see a frog or a prince or a princess looking at you out of the mirror. As finally Christ Michael and Nebadonia are the total amount of all frogs and princes. Christ Michael experiences himself through you. Then, 2000 years ago, he promised to return, and he is back now, and me as well.

We are among you and your helping hand for manifesting heaven on earth, according to the plan which had been set up then. Heaven is no place lost in reverie; it is meant to be among you if you just allow it to be like that. And me, dear ones, I AM and remain yours, Esu, planetary frog – wanted to say "prince" (laughs) Be blessed.

YOU NEVER WALK ALONE

LOVE LETTER TO OUR GROUND CREW

Esu through Eve, 27th Sept. 2010

Dear hearts, this is Esu.

As you – who follow the teachings of Christ Michael – may have realized, we are in a very serious period, and most of all transmissions are reflecting this seriousness. The weight is heavy on the shoulders of all who have decided to add their efforts in order to reach the goal. I was briefing Eve yesterday, and giving her some words of encouragement, – then she asked me for encouragement to all, and I agree that – in spite of the hardships – or even especially because of the hardships – it is high time to talk about something of beauty, about prospects of where we are to go. I want to give you a message beyond all regulations, explanations and orders.

You may regard this as some kind of love letter from your housekeeperas you know, housekeepers are not always as bad as their reputation. Today I will not rant with you because you tried to take a short cut across the lawn – (ok, some among you, smile). Today I will tell you that you – my beloveds – who work diligently to serve the order of Christ – are very much a ground crew of my heart – when I observe your challenges and how you keep standing strong – I'm full of empathy with you – and proud at the same time – as many of you still stand tall in situations where others would have long before fallen off.

I love you very much the way you are, in the moments where you simply give the best you have to give – and still strive to give more. All of you are so unique souls, so dedicated to their service, and yet so individual in the way you perform your duties, so many are seeking for answers which cannot yet be given due to security problems – and even if they do not receive these answers they long for – they still remain in faith, belief and hope- as a model role for others. I simply love the natural wildness that many of our Qmara family members incarnate do show, you spontaneous eruptions pro justice, you preparedness to pull rank to fight for the light. In the same way I simply love the silent and humble service of others – be it at the front or in the background – who do not only talk about love, but make their love manifest by the deeds in their daily life. I'm somehow watching over all of you in a certain way, not the same way as your guardian angels do – but in my special way – even if you do not sense that – if the emptiness of the density seems to be overlaying my presence of friendship in your hearts – no power can change this.

CM and me are waiting for you in the silence of the truth, in the shadow of preparedness to be the one to pick you up when the places nearby you have been voided. We will not pick you up by rapture or by the legendary magic wands – we will pick you up by filling the rooms of your heart and by carrying you on our shoulders for a while. We are the cosmic presence behind the dense presence – CM knows you in every single detail. There will always be these golden fields to walk in, settled on the bottom of our hearts, reflecting the heavenly glances of the higher realms. Our fields of gold are protected by the

umbrella-like skies of our CM dear, who opens and offers to us the endless pastures of development and support.

There is a place in the heart where hands never really separate, where nothing gets lost – where completion and a status near perfection dwell – as a well to drink from – as a nourishment to feed the hunger of the soul. Remembering that will give you protection and survival in the storms of life. How can just some of you believe that there were no emotions with the makers of the universes? Emotion is what propels evolution, what powers development by setting goals to reach! Would you truly be able to imagine a creator son, yawning – while he creates his universe? Creation is challenging, it is powerful – it is an adventure! What you even cannot imagine now will be reality and manifest tomorrow, and tomorrow will be the now of the future transformed. We live, we laugh, we sigh and cry like you – and we may be sad and disappointed, also just like you. And then we collect ourselves to come back into the right track to move on and forward in service.

The circles of life are turning and turning, and in all of this we do always strive for love. If one forgets about, there are reminders, and this is my reminder for you, my beloved ones. One near day I will simply stand in your way and you will not be able to pass me on any side without a heart to heart contact. We will simply collide in love and fuse to become a great team – this is what is heading to us at high speed. Even if the phrase goes “nothing is written in stone” – THIS IS!

I’m flooding your heart with sparkling showers born in our sacred common heart, with the strong yearning to enflame your hearts to universal fires of divine love, more than ever before. I’m holding you tight in my heart, all of you – and especially the ones who stand in the middle of the target and who still have to stand so much harm for being firm in their service. Lean on me if you need comfort and encouragement, heed my words remembering the golden fields and heart strings which will always keep us connected. I’m telling you again, also on behalf of Christ Michael, we are always at your side, and you never walk alone! This is my message to you, dear ones, my cosmic love letter to the ground crew, originating in my deepest heart.

Yours, Esu Immanuel,

planetary prince of Urantia, Shan, Terra, Gaia, Earth.... etc.

JESUS SANANDA, LORD MICHAEL, SAINT GERMAIN

Through Paul and Christ, 03.04.1992

Translation: Shana

DEDICATION

I AM Esu Jesus Sananda. I have come in service to Holy God of Light, the Infinite ONE. I am a spiritual guardian, in charge of spiritual "graduation" of your human species upon Earth Shan. I come with the HOSTS of God to reclaim His Kingdom and His lost lambs.

I dedicate this book of lessons to all of the CHILDREN of the world who bring the joy and hope of the triumph of Godliness over the darkness of evil domain. Your children are the treasures of your species, and therefore not ONE child must be given into careless hands if your species is to move from its primitive spiritual darkness into the light of KNOWLEDGE.

Young children naturally carry "the light" within, until and unless it (the light) is temporarily extinguished by the harshness and ignorance of the child's "guardians". Even so, the flicker always remains for the will of the child to again allow to shine brightly. How do you encourage a child? How do you discourage a child? What "sins" do you carry like a weight around thy shoulders from your "guardians" waiting to pass on to your children?

TO THE CHILDREN OF THE WORLD, I GIVE MY HUMBLE HONOR, LOVE AND APPRECIATION, FOR IF YOU "ADULTS" WOULD ALLOW IT, YOUR CHILDREN WILL LEAD YOU TO THE KINGDOM OF HEAVEN WITHIN YOU. So be it and Selah.

INTRODUCTION

I AM ATON. It is with a "Father's Pride" that I introduce this beloved JOURNAL of lessons from the loving working team, Esu Sananda and Druthea. Each one offers of self in order to complete the whole and the balance of love and compassion, patience, discipline, hope and insight offered and presented is an inspiration to all who will partake of this glorious banquet. The name of this JOURNAL shall be, PRE-FLIGHT INSTRUCTIONS FOR THE PHOENIX, Volume I.

This volume contains many lessons for assisting you each in achieving balanced transmutation of Self which, when successfully achieved, will enable you to "pass" your final "exams" for "graduation" into higher spiritual dimensions.

The working partnership between a Master teacher and scribe must become synergistic in order to create the masterpiece of love which creates the desired effects of the balanced WORD. This is only achieved with great care, patience and nurturing of a fledgling scribe by the teacher. Be aware,

precious chelas, that the work of this pair did not begin just two years ago when PHOENIX OPERATOR OWNER MANUAL was birthed. The training began well before this life stream of Druthea.

Sananda has been a most careful, watchful and even paternalistic teacher for this one. Druthea herself believes it is nothing short of a miracle that she is able to "receive" and "write" in this way. Her "pitfalls" and "testing" seemed extra difficult to her and there have been a few moments when it seemed she would not rise to her service. Alas she has ALWAYS asked for help when the going got very tough for her and her burden was instantly lifted just enough for her to breathe and work out her problem. This is a reminder to all of you of Mine chelas, it is never too late to ask for help. Just remember to LISTEN for your instructions and then ACT upon them.

I wish to share with you all a MOST precious letter which made Druthea cry to read it. The maturity and love of this child is an inspiration to ALL adults who sometimes wonder if the effort is worth it to bring balance back unto a sick and dying planet and people.

April 3, 1992

Dear George,

I'm glad I got to talk with you on the phone.

As you know, I am eleven years old. I have two older sisters named Chesa and Choli. I also have Your brothers: Chase, Chalen, Chait and Chance. We are all home schooled. Us older kids read the Journals and the Liberator. I am just about finished with "I AM SANANDA".

It really hurts us when people say untrue and hurtful things about you and your wife and Commander Hatonn and the Phoenix Material. Please know how much my family appreciates being able to learn the truth and bring ourselves into balance with God.

About four and a half years ago, we were led out of the Mormon Church. My Mom and Dad followed the directions of the God within and left the Church, took us Kids out of public school, left our home, our friends, and my Dads job. We moved to Utah and stayed there a year before moving to Montana. We have been having a wonderful journey as we learn to listen to the God within us.

I want to share with you an experience I had the other night while listening to the clearing tapes from "E.T. Phone Home". I had a vision that I was in a meadow and a bright light appeared. I then realized that it was a Starship. Out of the star ship stepped a man who said, "I am Sananda," and took me by my hand and led me into the Star ship. We went up in the sky and then came back down. He said "Good bye". I had such a wonderful feeling. His eyes were like His picture but His hair was short and He didn't have a beard and He was dressed different. I never had such a wonderful experience before.

My Mom and Dad are planning two of your seminars for Montana in August. We all want to do all we can to help others and we'll do still more. We all love you and pray for god and the light to win.

We love watching all the neat star ships in our sky at night.

Love, Channing

Well, precious Channing, your letter has given such JOY to Druthea that she wished to print it here with humble appreciation so that other people could be uplifted in spirit as well. Thank you, little sparrow, for sharing of yourself. You and your entire family are indeed blessed and precious children of Mine who rest safely within My shield.

This volume contains many of your PRE-FLIGHT INSTRUCTIONS for boarding THE PHOENIX Star Ship. I AM pleased to introduce it to you of Mine children for it is soon that I will gather you ALL onto my wings that you may soar into GLORY and RADIANCE once again. And there is more to come...Perhaps you hear YOUR instructions already? Fear not if you yet hear not, for as surely as night follows day, you each WHO SO DESIRE to give and serve shall see and hear THE LIGHT within you and you will KNOW what you must DO. I await your decision so that I may open the door for you to walk through in HONOR of loving service. So be it.

FOREWORD

REC #1 HATONN

THU., APRIL 9, 1992 7:51 A.M. YEAR 5, DAY 237

"Man does not live by bread alone!" and "...then let them eat cake." It appears, chelas, that you have eaten far too much cake and forgotten the staff of life--most especially that which nourishes the soul.

Where is God? Is He out there somewhere? Is He in the local church house? No. He is within self where you can reach Him through the silence wherein all is heard and spoken through the soul which IS that which you are for your body is only a housing for the convenience of that wondrous spiritual expression upon the places physical.

God is ALSO "over there", "out there", "down there" and "up there"--everywhere unto the farthest reaches of the universe and as close as each individual cell within thine being. YOU are the very thought of God in expression.

If this all be so then why is it that the doctined churches set forth by Men, wherein you gain your instructions of spirit, do not tell you so? Obviously because Man then loses control OF YOU. He cannot cause you to tithe unto his churches' building funds and rectory, candles or bulletins. Those are not things of God--they are physical things done by and for MAN.

So what will get you into the Kingdom of God? Obviously, it shall be nothing from the realms of physical. In the physical can only come the "expression" of intent. It is only through the "intent" of Spirit within which shall be the measure of man--along with the actions presented as a result of that "intent".

Why does minister after minister come forth and denounce the Phoenix WORD? Because it comes from God and needs no input from HIM (PREACHER). There is no binding upon you--no fear nor force to coerce you into His way and you are thereby in freedom through wisdom and Truth. If his way be THE way, he would have no fear of your studying IT ALL for in the seeing of IT ALL you would perceive

and discern WISDOM. That means that you would choose GOD and not MAN'S CHURCH DOCTRINE LAID FORTH BY MAN.

God is total love but He has created you in ability to make your own choices--that, dear ones, is the measure and testing: what choices shall ye make? God gave forth Laws for the human upon His place of experience so that there would be total balance within his world IF he would but follow those guides and remain within the circle of instruction of the Laws. Man has come forth from onset and "voted-in" rules and acceptable regulations which can have nothing to do with the Truth of the Laws.

"Voted-in" laws simply mean the accepting of actions voted-in by the largest number of "other" humans and self. For instance, murder--it seems quite suitable to execute a brother if enough "other" and you vote for his execution. But what of the one being executed? Where are his rights within God?

What are church "doctrines"? Nothing but voted-in rules for a group who would attend that particular "order" or "club" and have nothing to do with God's Commandments. The Methodist "cult" is nothing different from the Satanic "cult" if you are explicit in definition. Both are "groups" gathered for a common purpose.

God gave forth unto His Man creation the most wondrous gift of all creatures--the ability to reason, think and act through his own free-will choices. Do you follow the rules of another Man or do you follow Truth with which every individual physical human expression is birthed just as he is birthed with the ability to breathe? WHAT DO YOU DO IN DARKNESS AND SECRET? IS THAT WITHIN THE LAWS OF GOD? LOOK CAREFULLY, FOR UPON THE RESPONSE IN ACTION RESTS YOUR INFINITE JOURNEY.

Extraterrestrials? You must be scared and decide whether or not you believe in extraterrestrials? Why? Who said? If you believe in God you also believe in extraterrestrials! You are locked onto a planet just as surely as a prisoner is locked into a cell at San Quentin. You, further, claim to worship someone "out there somewhere". God in the form of Man ascended to somewhere out there--"to prepare a place for you"--well, which is it? Fundamentalists not only say that God went forth to prepare a place for you but that He shall come again to reclaim you. Which is it? Both? How so?

Why do you grovel in the unknown mysticism of some magical act by some invisible God? Do you consider yourself so unworthy that you cannot KNOW GOD? How can you discern which of the more than 300 translations (in English alone) of the Holy Bible in which to believe "every word"? What makes those more worthy than this direct communication from the very Hosts of God come forth in preparation for that wondrous return of your leader and great Teacher?

If the one coming (this wondrous Prince of Peace and Salvation) is "coming", then from whence shall He come? IS THAT NOT EXTRATERRESTRIAL??? And, ye of physical expression--how be ye to stay in the physical if your trip be only a short trip to the clouds in rapture? Where are you going FROM THERE? Would this God of Life leave you to perish in some clouds but a few feet from the surface which shall likely be filled with radiation? Dear ones, there are no clouds as such, in space. WHERE ARE YOU GOING AND HOW WILL YOU GET THERE? Miracle? God provides the way and the instructions--YOU PROVIDE THE MIRACLES! You ARE the miracle. Each cell of all that forms your body--EVERYONE--holds the blueprint of the whole which is YOU. Is that not a miracle? How can this be and how can you function?

Because God gives unto you the MIRACLE of creation so that you can recreate self in the wondrous perfection which you are, and that is the perfection which shall come again within God in His Kingdom.

Therefore, with the half-truths and the accommodating rules for human environment--how shall you find your way to this KNOWING? Ah, so when it is appropriate God will tell you? HE IS! HE IS TELLING YOU NOW AND MANY TURN AWAY TO LEAN UPON ANOTHER MAN INSTEAD OF TAKING THE HAND OF THE MAN WHO CALMED YOUR WATERS AND STILLERED THE SEA--YE TURN AWAY FROM THAT ONE WHO SHOWED THE WAY IN GALILEE AND IN MANY FORMS BEFORE AND AFTER. YE CLING TO A "FANTASY" INSTEAD OF THE DREAM OF TRUTH WHICH IS YOUR FREEDOM.

So, are there extraterrestrials? IF THERE BE GOD THERE MUST BE EXTRATERRESTRIALS! SO BE IT.

Now, how would an extraterrestrial communicate with you? He would speak to you in signals so that you might have the WORD. How would St. Peter or John Doe be capable of writing the WORD more than these ones who receive and translate directly? How does your "preacher" claim to receive Truth pass on to you in his congregation? I thought so. Well, brother and sister, God speaks through every creation upon and within the universe and He silently speaks to you from your very soul being which is directly connected to creator. Man turns from God--God never turns from man for man is His directly-created fragment of HIMSELF. This is not to supersede God of Lighted "Whole" but to experience in the wondrous expressions presented unto MAN by his Creator.

It is fully and totally up to EACH INDIVIDUAL Man as to how and what he will believe his journey to be but the Laws of God are unchangeable for each environment of experience and Laws of Creation are unchangeable in any expression anywhere. Just as you can foresee the dangers and pitfalls awaiting your toddler who may wish to play in the middle of a freeway--God has laid guidelines which will guide your being in safety until maturity of wisdomholder. If you simply allow the child to play in the freeway, shall he not be in danger of being run upon? Ah, but the child grows into a so-called adult and now what have ye? You have a functioning human who, if not taught correctly the laws of safety--will go forth and get run upon because he will know no better. If, however, one comes as messenger and teacher and teaches the individual the rules of safety, would it not behoove the individual to listen? If he chooses to not listen then it is his "right" but is he still not in danger of being run upon? And, if the vehicle bearing down on him is an 18-wheel truck instead of a convoy of butterflies--IS HE NOT APT TO PERISH IN HIS FOOLISHNESS?

The WORD is given forth for your use or denial--but I think were I YOU, I would think carefully as to the validity of that which is offered for there will be no coercion or threat as to your reading or accepting of same. God neither coerces nor forces; HOWEVER, according to your actions within HIS Laws shall ye find your place prepared for you--WILL IT BE GLORY OR MORE OF THE SAME ENDLESS RESTLESSNESS? IT IS SOLELY UP TO YOU. I AM PREPARED TO WELCOME YOU ABOARD OR WAVE GOODBYE FOR IT IS NOT YOUR OPTION AS TO WHETHER OR NOT I BRING YOU INTO ANYWHERE--THAT IS DECIDED BY YOUR INTENT TO LIVE WITHIN THE LAWS OF GOD WHO HAS COME TO BRING YOU INTO SAFETY. IT IS NOT UP TO A VOTE OF THE MAJORITY OF HUMAN OF THE SPECIES--IT IS UP TO GOD AND I SERVE ONLY

GOD--OF DIVINE CREATION. NO EVIL SHALL BE BROUGHT ABOARD THE WINGED SHIPS OF GOD NOR ENTERED WITHIN THE HOUSES OF GOD.

May the wisdom of insight and understanding be allowed within your awakening that you may see and hear AND ACT for the hourglass is empty and time is run out--it is the time of final choosing of direction and you are either for God or against Him--there is no fence to sit upon for if you turn FROM God you have automatically chosen the evil imprisonment of physical perceptions and on that spiraling cycle shall ye remain.

If another compels you to cast aside this WORD then he has just told you the truth of it all. God is open and asks that ye study all so that you can find Truth. If a person denies you, through fear of retaliation or any kind, the free and open study of the WORD AS RENDERED UNTO YOU--then he has just told you that he KNOWS you will find Truth in this work and he can no longer hold control over your being. There is no FEAR in the places or Truth of God.

I give My deepest love and gratitude as My child, Druthea, grows and accepts that which she has committed to serve--God and the returning Christed One who has come again to show you the way and lead you home. The LIGHT and KNOWING shall be thine reward for you rest in the hollow of My hand that none shall harm you who serve with Me.

May thine hearts be opened so that you might cast off your bindings and raise up your wondrousness in that which you are. Salu.

The Resurrection of the "Army of the Dead"

November 8th, 2017

Dead believed always live a little longer, as we all know. The CIA secret documents about the assassination of John F. Kennedy, opened by Donald Trump after 50 years, will certainly not reveal the truth about this bestial murder (see last post). But they brought to light a particularly piquant info: A CIA informant reported in 1955 that A. Hitler was alive and hiding in South America (Focus).

This information is not that new, because Abel Basti and Jan van Helsing already reported about it years ago in their book "Hitler survived in Argentina". But now it is at least a little more "official" than before. Because "officially" A.H. committed suicide in 1945, when the Red Army had led the battle for Berlin. His mortal remains had been discovered by Soviet military and identified by doctors.

Thus the question remains open whether the person found on the part of the CIA informant was really A.H. or only one of the doubles to lead the secret services by the nose. But the same is true for the allegedly found corpse of A.H.

The "Absetzbewegung"

These are only two question marks of many. Because in this context there are a number of speculations about the so called "Absetzbewegung" towards the end of World War II. For researchers without a thinking template it is considered a verifiable fact that in 1944/45 a military-scientific Reich-German elite together with its far advanced high technology "deposed". Namely to "Neuschwabenland" in Antarctica. It is also called "the last battalion".

The fact that a strong power is stationed at the South Pole was experienced, for example, by the military operation of the U.S. Navy under the command of Admiral Richard Evelyn Byrd. "Operation Highjump" in 1946-47 was one of the largest military operations in Antarctica with 4,700 soldiers. Rations were carried for a year and a half and reinforcements were expected from a British/Norwegian expedition. However, the operation was aborted quite suddenly and with great losses (at least 1 frigate, about 800 men and about 40 airplanes, the aircraft carrier "Casablanca" was turned into a floating pile of scrap, etc.). Why?

Admiral Byrd gives a very curious statement about this to a journalist traveling with him in an exclusive interview published in Santiago de Chile on March 5, 1947, in what was then the largest daily newspaper in South America, El Mercurio. Byrd:

"I don't want to frighten anyone, but the bitter reality is that in the event of a new war, the United States will be attacked by planes that will fly over one or both poles. "

Byrd is pointing a finger here at something U.S. military pilot John Syerson, a participant in and witness to Operation Highjump disguised as an "expedition," testified. He reportedly described the dramatic battle of February 26, 1947, in the following words:

"The things emerged from the water as if chased by the devil and flew around between the masts with such speed that the wind tore the antennas. Some planes that had managed to take off from the Casablanca crashed next to the ship a few moments later, hit by unknown beams coming from the

flying saucers. I was on the deck of the Casablanca at the time and didn't understand anything at all. These things were flying completely silently between our ships, spewing deadly fire. Suddenly the torpedo boat destroyer Maddock, which was about ten miles away from us, burst into flames and began to sink. Despite the danger, other ships dispatched lifeboats. The nightmare lasted about twenty minutes. As the flying saucers descended back into the water, we began to count our losses. They were terrible."

Admiral Byrd was murdered in Bethesda, MD, in the military hospital because he planned to publish his incredible discoveries.

Interview with a contact person of the "Basis" about the "secret Germany

We have found an extremely revealing piece of the puzzle on this website. It is a keyword protocol of an interview by Kawi Schneider with Ernst Wahrnt (pseudonym) from 8.10. 2002. Mr. Wahrnt had personal contact with members of the "Basis" in Antarctica. His statements should be authentic, because they are largely congruent with the information known to us from other sources.

Here some excerpts from it, which have a special relevance now after 15 years because of the advanced time quality:

Kawi: Hello Mr. Wahrnt! When did you first hear about the secret UFO reserves of the Third Reich?

Wahrnt: Why do you say reserves? They are simply called "the bases." I met an old gentleman in 1957 whose brother worked in "Neu-Schwabenland". The two of them had direct contact until 1952.

K: So you had an indirect contact with "the bases" at that time, was that your only source?

Wahrnt: No, I had met Reich Germans a little later who commute between the bases and Germany. I have met them occasionally since then.

K: When was the last time? What are they doing here? What kind of papers do they have?

W: Six months ago. They observe life here with us, how we are doing psychologically, for example, how the cities are developing, the atmosphere, you can only do that in person. They have normal BRD identity cards and normally do not reveal their identity. They then report exactly in the bases.

K: And how long do they want to watch the horror here without doing anything? Why don't they at least show their identity?

W: Because they don't need to. They are morally, spiritually and militarily above things. And they absolutely do not watch inactively. You have to read on pages 684 to 689 in "Mein Kampf" what Adolf Hitler says about the strategy after the Second World War: Lost territories have to be put back in rank in order to be able to promote and strengthen the remaining state so intensively that the sword for the liberation of the lost territories can be forged. The liberation blow must then sit absolutely, he writes, even if it is only possible after 50 years.

K: I looked at the passage, but it seems to refer to the losses of World War 1!

W: No, certain passages are prophetic here and refer to today's German residual state, the bases, and the planned liberation strike which will liberate us and the Austrians.

K: Liberate? I suppose then everyone just shouts "Nazis out" and the Reich Germans get the crisis and hide in the bases again!

W: Therefore, the liberation blow will come only when the end time, by that I mean the end time of the world domination of the enemy, will open the people's eyes. You are right, the enemy wants our liberators to be thrown with stones. The daily propaganda against the Third Reich is directed against the Reich Germans! One cannot call them by name, so one agitates against the Reich of that time. If the Reich Germans were not secretly meant, this agitation would be absurd, one does not agitate against Ulbricht or Stalin or others - no, only against the Third Reich and that every day and everywhere!

K: Aren't you afraid when you violate this taboo?

W: Oh, you know, where you are sitting now, years ago the head of the secret service Sowieso sat and said: "The secret Germany is so secret that it absolutely MUST not exist for the people!"

But today the vast majority of people are so sick that they can't understand anything about the bases, even if you patiently explain it to them.

K: Have you yourself published on the subject?

W: No, but others, they surely know the brochures of Bergmann, there is also information from me included and everything is well presented in Bergmann's "German flying saucers and submarines monitor the world's oceans".

K: When do you expect the big turnaround? The crisis of the old world is visibly gaining momentum.

W: Correct, the things will accelerate soon in such a way that 2003 can already happen everything. Already at the very beginning, in 1957, the Reich Germans named the year 2003, and since 1957 I have been telling people, we have to hold on until 2003 but then we will be liberated from the outside!

K: According to my information, 2004 or 2005 are more likely for certain reasons. Besides, a gigantic Russian invasion on us is prophesied. Will the Germans allow it or do they want to prevent it?

W: I can only say that they can prevent it if they want to, and I assume that. Think of the innumerable forest fires in the USA and in Russia, that were all systematic munitions destructions by the Reich Germans, as Schepmann described them.

K: But the prophecies are so massive that I assume that the Russian invasion will come somehow, it is being prepared at full speed.

W: Since 1945, they have always prepared something against us at full speed, but the Reich Germans have always been able to protect us. Just think of the Challenger in 1986, which had the "Green Box", i.e. poisonous weapons, which was supposed to be dropped over Germany - or (hesitates) "Neu-Schwabenland", I can't remember now! The Russian invasion here could take place only if it is included in the world plan, and I cannot judge that at the moment.

K: How will the liberation strike look like?

W: Among other things, all radio stations are overlaid with Reich German broadcasts in a lightning action to create a first reconnaissance push, controlled from mother ships, some of which are already stationed invisibly above some cities. The invisibility technique today does not need fog as in the beginning, it goes electromagnetically today. In the worst crisis of the end times there will be so many dead by violence of all kinds coming from the dying system of the enemy that there will be problems with the burial.

Then, when our liberators get things under control, there will be "a German sitting at the head of every table," as Gaddafi put it. There will be a world tribunal, and the Nuremberg trials will have to be completely reopened. All the crimes of the enemy will have been meticulously recorded in the bases,

and all the guilty parties who are still alive will have to face the consequences. Absolutely nothing will be left of the multiculturalism, that is a crime against the involved peoples!

K: Is that why the opposite side is making increased mixed-race propaganda and immigration promotion at the moment?

W: Yes, they have a different logic than we Germans! They realize that it is coming to an end, and instead of using the time for reparations, as we would, they say: Now we will take as many others as possible with us into hell! Herr Schneider: The Reich Germans will sweep through with an iron broom. Strangers will be deported,

K: But if they have German passports?

W: They have not! The BRD was illegal and null and void from the very beginning, always had anti-German military governments of collaborators who systematically did harm to the people.

K: I heard from another expert that Hitler went to the bases in 1943 and was represented in Berlin by a double.

W: Sure, that is also what Saddam Hussein does today, who has 25 doubles! Is also correctly to do so!

K: Do you know how old Hitler became - or whether he still lives, because if he is in the inner earth he would have aged hardly, there everything is different.

W: I say nothing about it.

K: Too bad, so you say nothing, but only in the subjunctive?!

W: (pause) It could be that he appears as a very old man, but very spry, to proclaim the final victory.

K: And with Martin Bormann I suspect that also his remaining was lied about. He is said to have grown old in Moscow, as an agent of the SU. I have a feeling the other version of the story is true, that he was the chief of the northern detachment route and went to the bases.

W: Of course! There are also only photos of Rudolf Hess in Spandau, where an old double sits in the cell for one or the other photo session.

K: You once said that the Reich Germans could have made their strike 10, 20, 30 years ago. Already in 1945 they had brand-new bombers but did not use them, likewise the atomic bomb. Why didn't they win the war already in 1945?

W: They were strong enough 30 years ago, but not in 1945. Then they said: The bases are standing, we want to finish now, if we continue to fight the occupiers there will be tens of millions more dead. It is better to expand the bases with the right technology and the miracle weapons and to prepare the liberation strike, but in such a way that it succeeds flawlessly and the enemy is really defeated.

K: Do the Reich Germans say anything about extraterrestrials?

W: They wave it away like this (makes the "away-with-the-nonsense" movement with the arm), they are all criminals against the German people, who invent all kinds of extraterrestrials. The Reich Germans are terrestrial and extraterrestrial at the same time, they have long since colonized the Moon and Mars. The Reich Germans are the extraterrestrials, others do not exist!

[JOS: Either W. has a knowledge gap or it is a misunderstanding of the author, because there are innumerable extraterrestrial intelligent beings in our universe, of which not few interfere since millennia also on this planet - both constructively and destructively]

K: And how many Reich Germans are there in the bases?

W: 7 million now. [In 2002.]

K: I thought 7 million soldiers alone.

W: No, although you can hardly distinguish like that, the bases are like a big clockwork, everybody works there, whether cook or pilot, mother or machinist, everybody works on the collective cause, not only the soldiers.

K: And what are they going to do here with our elites who have spent their lives spreading these stories of German war guilt and so on? And the multicultural policy?

W: Think about it, what kind of people are they, they are all the worst criminals against their own people. They are no different than someone who beat his father and mother to death: They have no right to exist! They will all squirm in agony when they realize what they have done, and when they are with the survivors, they will be made a head shorter!

Stan Wolf: The statements of "General Kammler" in "Stones of Power"

These statements made in the interview about the so-called "Third Power" find a rather exact correspondence in the books "Stones of Power" by Stan Wolf . In them the author reports about the secrets of the Untersberg. Because the descriptions contained in the books seem to be simply unbelievable and abstruse for the non-knowing, Wolfgang Stadler (that is the real name of the author) has declared his books as "novel". Also for his own protection. However, it is an open secret that the descriptions contained are at least 80% authentic own experiences of the author.

In the new volume 9 Stadler again reports about one of his many meetings with "General Kammler". Who this general is would be best to read for yourself, e.g. in volume 8 "Game over. The Future Begins."

We quote from the new volume 9 "The Fourth Reich" on page 82:

The meeting with the general at this somewhat unusual place at the foot of the "Untersberg" came off on time. Kammler was waiting behind the small chapel and looked somewhat nervous.

"The enemies are trying to intercept and locate us with their most modern technical means. But we are far ahead of them. The final battle is already as good as decided. There will be a 'Fourth Reich' shortly, and the preparations have already been completed. It will not be a repeat of the Third Reich. No, a new peaceful age will dawn. Many heads will roll. Germany will become clean again. You should also know that since the founding of the "Ancestral Heritage" in 1935, we have been engaged not only in the technical development of our weapons, but also in the development of occult possibilities."

.....

The general continued:

"We conducted countless experiments with paranormally gifted people and likewise used magic as a tool, but hardly anyone knew that. At that time there was the SS research group 'E4'. Through this we then also came into contact with the 'outer spirit'. And we have remained so until today. That is why the victory will also be ours."

It is possible that Stadler did not know much about the term "outer spirit" used by the general. With knowledge of our cosmic sources, in particular the statements of our creator son Christ Michael (CM), nothing else can be meant with it than the "Spirit of Christ".

To show this connection, I quote CM here personally from his "Message to the World" of December 16, 2016 (worth reading!):

"In order for the inevitable changes to be implemented for the German nation, there is a supporting force that is imminently about to emerge from the shadows. Good. Some of you have heard something about the activation of a mountain in the heart of Europe, more precisely, on the border between Germany and Austria. Some of you have heard something about a time anomaly, about a hidden force within, of high-tech tools available to that force, ready for use, stationed in hidden bases to protect what I call a sanctuary."

General Kammler also reports several times about these "highly engineered tools at the disposal of this hidden power", especially in the last two volumes of "Stones of Power".

As already shown in the interview above, this is not limited to the Untersberg. We quote "General Kammler" on page 83 in Volume 9, Stones of Power, after the author asked him about the bases in Antarctica:

"You already know about many of our secret bases, so why should you not be told about our Antarctic bases. However, I can tell you very little about them, really only that they exist and that we have state-of-the-art technology available there.

It all started when we discovered in 1939, during our expeditions to Antarctica, that there were remains of an ancient civilization. Later, when we also had the maps of Piri Reis in our hands and saw the land mass of Antarctica in a different shape than the ones that are covered by kilometer-thick ice today, we could guess that tens of thousands of years ago someone must have measured this continent exactly. So we set out to find the traces of these ancestors, as we called them.

There were technologically advanced buildings and also flying machines of considerable dimensions, which we found there under the ice. We needed some years to be able to use these systems, which were utopian for us, and to put our base 211 into operation.

Then, in 1942, we began to relocate the first people. But the most important thing for us was that when we were able to use the bell, we finally came into contact with the builders of these systems. This gave us a huge head start, which we were able to build on in connection with our time technology.

But I don't want to tell you more about that, which could be dangerous for you. You are already being intensively observed. But this is also for your own safety. However, you will certainly understand what I mean by this."

This information of the "General" is again congruent with the representations contained in the interview above.

Everybody may now make his own picture about the basis of these connections pointed out here, which relevance this has now for our time and in particular for himself.

One thing is sure: The dance of death of the dark forces goes now into the last round. The countdown for the end of the tyrants is running to clear the way for the restoration of the divine order under the leadership of the Creator Son Christ Michael Aton.

We are experiencing the birth pangs that may yet become very violent. Because in view of the decadence, the brainwashing for decades and the resulting misbelief, it needs unfortunately directly experienced suffering pressure and the confrontation with the ugly face of the Antichrist, in order to wake up from the state of alienation, so that we again feel and free the "spark of god" in us.

The "Your kingdom come, Your will be done, on earth as it is in heaven." in the Lord's Prayer, which is unfortunately prayed down "unconsciously" millions of times, should very soon be recognized by everyone in its actual meaning.
